Large Primary Vote Predicted in State, County

Turnout Of 11,000 Seen In County

May Set Record; Polls Open At 6:30 in Morning

An estimated 11,000 Marion countians will visit the polls Tuesday to cast their ballots, election observers predicted today. The predicted total is some 2,000 more than voted in the last presidential primary four years ago.

Increased interest in voting in general and the hot presidential contests in both parties are credited with drawing the expected high turnout, which may set a primary record.

The polls open at 6:30 a.m. and will close at 8:30 p.m. First returns are not expected before 9:30 p.m. at the earliest and possibly considerably later, because of the complicated ballot, which contains many names.

Election supplies are being distributed today to voting places in the city. Election supplies were distributed Saturday to voting places outside the city.

55 Precincts

There are 55 precincts in the county, 30 in the city and 25 outside the city.

Thunderstorms are predicted for Tuesday, but this is not expected to dampen the voter turnout.

Voters are cautioned to use care in marking the ballots in Tuesday's voting.

"X's" must be marked to left of the names of each candidate the voter wants nominated and each party delegate he wants to attend the nominating convention.

Under the names of the delegate nominees appears the names of the presidential candidates they are pledged to.

Will Be Asked Their Party

Voters will be asked their political party when they enter the voting place and will be given the ballot of their preference.

However, if a voter has changed his party since the last primary, he will then have to sign a statement saying that he has voted for more candidates of the one party at the last general election than the party he formerly declared the election board reported.

To be nominated will be candidates for state, county and district offices. Elected will be delegates to the national convention, party precinct committeemen and state central committeemen and women.

Urges Flag Display On Election Day

Marion residents and merchants were again urged to display flags Tuesday to remind voters that it election day. The drive is being sponsored by Bird-McGinnis Post 162 American Legion. Fred Thacker is the post commander.

Thacker said he believes voting is democracy in action and that flags should be displayed to remind residents of their patriotic duty. Members of the Retail Merchants Committee of the Marion Chamber of Commerce plan to co-operate in the drive, Thacker said.

MRS. TOY LEN GOON

China-Born Laundress Is Mother of '52

Portland, Me. Widow, Washes Clothes To Raise 8 Children

PORTLAND, Me. (AP)—Monday is only one of six washdays a week for the newly-chosen American mother of 1952.

Mrs. Toy Len Goon, frail, China-born widow, said she planned to spend today catching up with work in the laundry she has operated to raise eight talented children.

Mrs. Goon leaves Wednesday for a New York luncheon to be tendered her the next day by the American Mother's committee of the Golden Rule Foundation, which selected the 57-year-old native of Canton, China.

What would America's mother-of-the-year like best to do?

"Relax," she smiled Sunday, "Just relax."

Mrs. Goon said she may do just that next fall when a daughter, Doris, 18, enters a Boston school of stenography. The gray-haired laundress thinks she may sell her Portland business and move to Lynn, Mass.

Doris Goon and her sister, Janet, 15, were with their mother when she received word of her selection.

A son, Carroll, 29, is a Salt Lake City surgeon, another, Richard, 28, owns a Lynn television shop, Edward, 26, is a Rensselaer Polytechnic Institute graduate student, Albert, 24, is a Boston University student, and Arthur, 20, is in the Navy. Josephine, 22, is federal government worker in Washington.

She told an interviewer "I've done is train my children to the best of my ability. I've tried to show them the difference between right and wrong. The credit is really theirs."

Benton Balks At McCarthy's Tape-Recorder

WASHINGTON (AP)—Sen. William Benton refused to testify today at a pre-trial hearing in Sen. Joseph McCarthy's two million dollar libel-slander suit against him because of a tape-recording device McCarthy insisted upon.

The hearing was to be held in a Senate committee room with McCarthy acting as his own attorney.

Benton went to the room but decided against answering any questions when he found the recording device had been set up.

Benton, Connecticut Democrat, acted upon advice of one of his attorneys, Theodore Kindt of New York.

Kindt said Benton would not participate "with my consent" so long as the recording device remained in the room.

McCarthy, Wisconsin Republican, said he would ask the U.S. District Court here to order Benton to give testimony.

Crippled Carrier Due In New York Tuesday

NORFOLK, Va. (AP)—The crippled aircraft carrier USS Wasp, damaged April 26 in mid-Atlantic when she collided with and sank the destroyer-minesweeper USS Hobson, is expected to arrive at New York tomorrow.

The Navy announced here today.

She has all 61 survivors of the Hobson aboard. The carrier's propeller-driven aircraft left the ship Sunday.

1,400,000 May Go To Polls in Ohio

Presidential Picture Overshadows State, District Contests

COLUMBUS (AP)—Senator Estes Kefauver of Tennessee, an entrant in three primaries this week, may be making one of his most important bids for the Democratic presidential nomination in Tuesday's Ohio balloting.

On the success of Kefauver's efforts to win 31 of 54 Ohio convention votes—he already has one by default—may hinge control of this state's powerful delegation to the Chicago convention.

He hasn't entered a full delegate slate against the party organization, which seeks to elect a 53-vote group pledged for holding purposes to former Sen. Robert Bulkley.

If he could put Ohio in his vest pocket, the crime-busting Tennesseean could shrug off a possible loss to Sen. Richard B. Russell of Georgia in the Florida popularity primary the same day.

Florida's 24 delegates will be chosen later in the month and Kefauver may share in them anyway. At stake in Florida is a test of the Tennesseean's popularity in the South.

In the third primary in which he is involved—Maryland's vote today—Kefauver is the lone entry in the popularity contest. Whether he gets all or part of that state's 18-vote delegation will be determined.

Ohio's balloting is expected to attract about 900,000 Republicans and 500,000 Democrats to the polls.

Taft to Get Most

Sen. Robert A. Taft appears assured of most of the state's 56 Republican nominating votes in a strictly delegate-selecting affair where there is no popularity contest and where write-ins are barred.

Former Gov. Harold E. Stassen of Minnesota, ineffectual in most other primaries, is contesting for 47 delegate places. He might get support from some backers of Gen. Dwight D. Eisenhower but figures to elect few delegates.

Two candidates who have said unofficially they will back Eisenhower are running in district races, where 46 delegates will be chosen. Ten will be named at-large in a statewide race.

Kefauver's largely absentee battle for Democratic delegates may involve control of the party machinery in Ohio with a possibility that a substantial majority of the state's vote might go to him at the Chicago party convention.

Would Strengthen Hand

Any such bloc would make it more difficult for some national party leaders who are working against him to stop the coonskin cap Tennesseean's drive for the nomination.

Election of a substantial number of delegates apparently would put Kefauver in a position to deal either with Gov. Frank J. Lausche or Ray T. Miller, Cleveland Democratic leader, to set up a new party alignment favorable to the senator's presidential candidacy.

Star To Give Primary Night Vote Reports

Reports of primary election returns in Marion County will be provided in a special telephone news service to be set up by The Star, Tuesday night, starting at 9:30.

Figures for county offices and also on the presidential delegates will be given in answer to telephone inquiries as soon as reports from precincts start to arrive.

Election board officials predict no returns will be received before 9:30 and possibly considerably later. For that reason The Star's telephone service will not start until 9:30. After that all phone calls will be answered with whatever information is available.

The Star's phone number is 2-1101.

Spotlight On Primaries In Ohio, Florida

By The Associated Press

One of the busiest weeks of the political year to date got off to a running start today with the Maryland preferential primary.

Maryland voters nominate senators and House members, and elected delegates to state conventions which in turn will name 24 Republican and 18 Democratic delegates to the national conventions.

With write-ins banned, voters have but one chance to cast ballots for a White House aspirant: Democratic Sen. Estes Kefauver of Tennessee is the only presidential hopeful listed.

In a few scattered sections Republicans may ballot on delegates who have openly endorsed Gen. Dwight D. Eisenhower for the GOP presidential nomination.

However, Maryland's 24 Republican delegates—when named—are expected to follow the lead of Gov. Theodore R. McKeldin. The Governor has dropped broad hints he may back Eisenhower, but also has encouraged followers of Sen. Robert A. Taft of Ohio to believe he may endorse their man.

It will be a busy week politically with Democrats choosing 180 convention delegates and Republicans 78. The most significant primary contests for the week will take place in Ohio and Florida Tuesday.

Additional delegates will be chosen in Alabama, Indiana, New Mexico, Kentucky, Illinois, Nevada, Utah and Michigan.

By week's end, Taft probably will have pulled ahead of Eisenhower in the delegate race, as he is expected to win handsily in his home state. The Associated Press survey of delegates pledged or willing to express a preference, shows Eisenhower currently four delegates ahead of Taft among those already chosen. Taft claims he is ahead.

A lot of interest has been generated in Florida where Kefauver runs up against his stiffest primary opposition so far in Sen. Richard B. Russell of Georgia. No delegates will be chosen in the Florida primary, but the voters will have a chance to choose their favorite in a statewide popularity contest.

Asks Congress To Continue Rent Controls

Stabilizer Woods Says Decontrol Would Hurt Stabilization

WASHINGTON (AP)—Rent Stabilizer Tighe E. Woods urged Congress today to continue present rent controls for the next two years. He said a proposal to limit controls to critical defense areas could deal "a knockout blow to the general over-all stabilization effort."

Such decontrol, Woods said in a prepared statement to the House banking and currency committee, would mean increases of 50 to 100 per cent in the \$30 to \$50 rent bracket in the nation's major cities.

"This proposal would affect a third of our population, as 53,800,000 live in cities which would be decontrolled," he said.

"A majority of our major industrial cities, such as Chicago, Philadelphia, Detroit, Cleveland, Boston, St. Louis, Pittsburgh and San Francisco would suddenly find themselves without rent control."

Woods said he based his forecast of rent hikes under decontrol on "the fact that in ten controlled cities rent rose 23.1 per cent from mid-1949 to the three month period ending January, 1952. The cities, he noted were Birmingham, Houston, Jacksonville, Fla.; Los Angeles, Milwaukee, Mobile, Ala.; Norfolk and Richmond Va.; Portland, Ore.; and Savannah, Ga.

White House Steel Talks Break Down

Supreme Court's Freeze of Wage Hikes Said Key Factor

WASHINGTON (AP)—The White House negotiations started by President Truman over the week-end in another effort to end the steel dispute have collapsed.

And today both union and management spokesmen privately said the Supreme Court freeze on wages in the industry, pending a final court ruling on government seizure of the mills, played a significant role in the breakdown.

The CIO Steelworkers union and the industry quit trying to settle their conflict over a new work week contract late Sunday because, as Steelman put it, they were "so far apart that no agreement" could be reached.

Benjamin Fairless, president of U. S. Steel Corp., and CIO President Philip Murray had been in day and night session with other union and industry officials since Saturday morning at the urgent request of President Truman.

Steelman Heads Talks

Steelman presided over the futile negotiations after Truman opened the sessions by saying he wanted action.

When the breakoff came, Murray said the industry was on a "strike against collective bargaining. The industry said the union 'still refuses to consider a 17-18 cent 'package' offered it."

Any public mention of the Supreme Court wage stand, which lasts only until the court has decided the case, was conspicuously absent.

But an industry lawyer who has been working closely with the legal aspects of the controversy said the steel companies wanted the Supreme Court to decide the constitutionality of Truman's seizure of the industry April 8 to avert

Sabre Pilots Bag 4 MIGs

WITH U.S. FIFTH AIR FORCE, KOREA (AP)—Thirty American Sabre jet pilots pounced Sunday on 12 Communist MIGs and the Fifth Air Force said they shot down four and damaged two. The action broke off into three snarling dogfights sweeping from 40,000 to 5,000 feet.

Gen. Wedemeyer Heads Taft Committee

WASHINGTON (AP)—Lt. Gen. Albert C. Wedemeyer announced today he has accepted chairmanship of a National Citizens' for Taft Committee.

He said he based his acceptance on the urging of "numerous prominent Americans including Gen. Douglas MacArthur."

The retired general said at a news conference that Sen. Robert A. Taft's foreign policy views have been "sound and uniformly have placed America's interest first."

"He is neither an isolationist nor is he an internationalist," he added. "He is a realist."

C. P. Taft Sees Victory; Winds Up Drive Here

Charles P. Taft of Cincinnati, candidate for the Republican nomination as governor, wound up his campaigning in Marion and Newark today with the prediction he will carry 70 of Ohio's 88 counties at Tuesday's primary.

Taft, brother of presidential candidate Robert A. Taft, is one of three men in the race. The other two are former Gov. Thomas J. Herbert of Cleveland and Ohio Senate Majority Leader Roscoe Walcott of Columbus.

Taft predicted he will carry 12 of the 20 most populous counties and 58 of the remaining 68.

He thinks brother Bob will capture all of Ohio's 56 delegates to the national convention. Stassen is contesting Sen. Taft for Ohio's Republican party delegates.

Taft was accompanied on a tour of Marion this morning by Mayor Harold F. Robinson and Gayle Owens. He planned to wind up his campaign in Newark this afternoon.

Oil Strike Puts Squeeze On Aviation

DENVER (AP)—The grip of an oil workers' strike squeezed commercial, private and military aviation today but mounted only slowly in effect for the rest of the gasoline-powered nation.

The strike, called last Wednesday day, closed some of the world's greatest oil refineries, including key units for production of aviation gasoline, and was felt in distribution facilities.

The result was an order yesterday by Secretary of Interior Oscar Chapman limiting the use of gasoline by airlines and private fliers effective tomorrow.

His order, effective at 3:01 a. m., Eastern Standard Time, cuts fuel for airlines 30 per cent. Pleasure and sports flight by private fliers are cut entirely.

Both carrier and non-carrier aircraft will be prohibited for 28 days beginning tomorrow from taking delivery of more than 65 per cent of the gasoline they used in March of this year. The order also applies to foreign airlines flying from the United States. And it forbids export of aviation gasoline without permission of the Petroleum Administration for Defense (PAD).

KEEPING IN PRACTICE

COLUMBUS (AP)—Warden Ralph W. Alvis of Ohio Penitentiary today admitted "There's a thief in here somewhere." The admission came after word leaked out the penitentiary commissary was looted about a month ago. Perhaps someone just wanted to keep in practice," Alvis said.

SPEEDBOAT UPSETS, 5 DROWN

PITTSBURGH (AP)—Five occupants of a speedboat drowned in the Allegheny river Sunday after the 16-foot craft flipped over in midstream. The boat's operator heroically kept a sixth occupant, the mother of three children afloat until rescuers reached her. He then sank beneath the surface. All were from Pittsburgh.

Stalin's Viceroy Crack the Whip

Stalin is the king, and trusted Communists are his viceroys in the European countries that came under Soviet control after World War II. Moscow exerts a firm hand—but all is not clear sailing in the satellites. One Communist looks on the next with suspicion. A trickle of resistance breaks out. New purges are in the making.

That is part of the picture of "We the Satellites," presented in a series by William L. Ryan, starting today in The Star on page 5. Ryan, who speaks Russian and has made a thorough study of Communist methods, gathered material on a 10,000-mile trip to the fringes of the Iron Curtain; he obtained added information in talks with exile leaders and diplomats in the United States.

Read "We the Satellites," starting today, for revealing information about Stalin's viceroys in Europe.

Week-Old Stomach Cut Fatal

Police Report Of Cutting Withheld; No Charges Filed

A Marion father of three children died in City Hospital Monday morning of a knife wound in the stomach received April 28.

James Owen Leedom, 33, of Unit 16 of the Veterans Housing Project died at 12:45 a.m. today of "General peritonitis as a result of the stab wound," Coroner Dr. E. H. Morgan said.

Leedom's wife, Wilma M. Leedom, is being investigated by city police in connection with the cutting.

County Prosecuting Attorney Ralph E. Carhart said no charges have been filed and none will be until the investigation is completed.

In fact no one in authority would say today that any charges will be filed.

The cause of death, peritonitis, is an inflammation of the membrane lining of the abdomen.

Neighbors of the Leedom said the cutting occurred after a family quarrel a week ago today.

Police, who withheld news of the cutting until today, would not say by whom Leedom had been wounded. They said there apparently were no witnesses.

They said they had talked to Mrs. Leedom the night her husband was wounded and she was brought to the county prosecutor's office for questioning this morning after Leedom died. Prosecutor Carhart said today she had refused to talk about the cutting this morning on the advice of her attorney, Edwin B. Spohn.

Say Investigation Made

Police said today an investigation was made at the time of the cutting but it was dropped because Leedom refused to press charges. They said the wound was considered minor at the time.

Leedom was a bartender at the Triangle Bar and Grill at 454 W. Center St. He served with the Army in Europe during World War II and was wounded in France.

Two police plainclothesmen have been assigned to the case.

Edwin B. Spohn, Mrs. Leedom's attorney, said this morning he would not be able to make a statement until he had consulted with Mrs. Leedom.

No official information was available today on where the cutting took place.

Police said they received a telephone call concerning the cutting at 9:35 p.m. a week ago today. They said they found Leedom in the vicinity of his home walking around. They took him to City Hospital for treatment. He remained in the hospital until his death.

The three Leedom children, Michael, 11; George, 9; and Charles, 7, were being cared for by relatives today.

Leedom was born in Marion Nov. 28, 1918, a son of George and Eva Rhey Leedom. His father was a native of Kenton and his mother was from Buffalo, W. Va. In July, 1940, he married Wilma Barrett at Bellefontaine. He was a member of the VFW.

Parents Survive

Survivors include his parents who live at 870 Henry St.; his three sons; a sister, Mrs. Ralph Combs of 856 Henry St.; and brothers, Charles Leedom of 489 1/2 W. Church St. and Edward Leedom of 816 Bennett St.

Friends may call at the Boyd Funeral Home on W. Columbia St. after 7:30 p.m. Tuesday.

City police at no time last week made a report of the cutting. Nor did authorities at City Hospital report Leedom had entered the hospital.

Police Captain Clyde Hardin, acting chief of police last Wednesday, was questioned Wednesday by a Star reporter, who had picked up word of the cutting from an unofficial source.

Hardin admitted at the time police knew of the cutting but had made no investigation since the victim has refused to press charges. At the time Hardin said he was not even positive of the victim's last name; knew only that he was a bartender somewhere and that his first name was Jim. He did not consult the night captain's report when asked about the shooting by the reporter.

Different Version

A different version of the investigation was reported today by Capt. Justin Cornely and Safety Service Director Ralph Forrest. Both said an official investigation

the One Hundredth Anniversary of the

INTERNATIONAL TYPOGRAPHICAL UNION

A Remarkable Record of Consistent Service To Every Person in This Community:

1850—A convention of journeyman printers from Typographical Societies in six states met in New York to consider forming a national union.

1851—Delegates met in Baltimore, set up a committee to draft a constitution and by-laws for the proposed national printers' union "for the relief and benefit of the craft."

1852—On May 5, the I.T.U. was born at Cincinnati, Ohio, by adoption of this resolution: "The stipulations of the late national convention having been complied with, the National Typographical Union is hereby declared organized."

1853—Full financial reports of receipts and expenditures began, continued without interruption since. —Convention adopted bargaining policy: "The National Union regards as injudicious a frequent resort to strikes, believing that in most cases differences can be settled by more amicable means."

1857—New Orleans convention considered a proposal for "establishment of a union printers' home for those members who have grown old in the art."

1858—Opened membership to receive printing pressmen after many such craftsmen expressed a desire for organization as part of the printing industry.

1859—Convention gave favorable support to the policy of contracts with employers "after first having invited a conference with employers." —Union pioneered in giving consideration to fight against tuberculosis and "the exposure of its members to diseases of the respiratory organs."

1860—Accepted membership of all employers who were practical printers, qualified as journeymen, and who wanted to join with their employees in the union.

1862—Convention criticized the secretary-treasurer for calling off the convention scheduled in 1861, for such a minor reason as a war between the states; instructed the president to send a letter to all southern unions "assuring them of our continued good will and fellowship."

1863—Criticized the "paper trust" for increasing paper prices, and petitioned Congress to remove from paper the "duty now charged and regulated by laws."

1864—Resolved that "monopoly of the telegraph dispatches" by the Associated Press "is hurtful to the craft and a direct infringement of the liberty of the press." —Accepted membership of, and bargained for wages for, proofreaders and stereotypers working in union shops.

1865—First proposed an eight-hour day, although most craftsmen were working ten, eleven and twelve hours and many members were paid on "piece-work" basis.

1866—Began 43-year struggle to secure copyright law which would protect American craftsmen from competition with cheaper European labor.

1869—Opened membership to women, required equal pay for equal work and barred discrimination against them. —Resolved that printers should be hired "solely on account of competency, and not for religious or political views they may entertain." —Name changed to International Typographical Union after affiliation of Canadian unions, paving the way for real friendship between Canada and the United States.

1870—Miss Augusta Lewis of New York elected corresponding secretary, the first woman to be chosen as an officer of a national or international union.

1872—Launched long campaign for repeal of the conspiracy laws of the various states, under which labor organizations were subjected to persecution. —Began chartering separate unions of printing pressmen in cities where such members desired separate charters.

1873—Birth of principles of the Fair Practices Act; Union insisted each publisher have newspaper set or reproduced in type by his own employees; men were furnished for a varying volume of work at no loss of time nor extra expense to publishers; fair practice principles still in effect, fully justified by eighty-year experience.

1876—Convention took first action to abolish sub-lists, and opened the way for a plan of priority now accepted and used throughout most industries.

1877—Local Unions provided relief funds, shared work, when great depression forced newspaper suspensions, business bankruptcies, wage reductions, widespread unemployment, and unregulated apprenticeship problems.

1879—International Typographical Union started action to organize the American Federation of Labor, instructing secretary to contact other national and international unions; also instructed local unions to "cooperate with other trades unions" at the local level "for united action."

1881—Federation of Trades and Labor Unions formed at convention called by Typographical Union delegates; announced platform demands for compulsory education of children, opposing employment of children under the age of fourteen, favoring an eight-hour day, opposing competition of prison and foreign labor, and requiring wages to be paid in lawful currency.

1885—Stereotyper and electrotype members given local union charters in cities where such members desired separate local unions. —Monotype process patented, producing type from perforated paper punched from keyboard; journeyman printers learned and have operated such machines, without any question of jurisdiction, for more than sixty years.

1886—International Typographical Union adopted a Union Label "so that the product of union labor may be readily known by purchasers, and the demand for publications friendly to the cause of organized workmen may be encouraged."

1887—Maintained autonomy of international unions, announcing "the International Typographical Union would not acknowledge allegiance to nor recognize the supremacy of any other organization," would affiliate with but would not apply for nor accept a charter from the American Federation of Labor or any other organization. —I.T.U. issued charters to bookbinder members who wanted to form separate local unions.

1889—Required all amendments to constitution and all proposals to increase dues or assessments to be submitted to referendum of local union members. —Publication of *The Typographical Journal* started.

1890—Union Printers Home at Colorado Springs authorized and board of trustees chosen to arrange for erection of main

building. —Introduction of Linotype machine brought revolution: "The principal factor in the economic operation of typesetting machinery is the employment of highly skilled and intelligent labor."

1891—International Typographical Union adopted plan for burial fund, now known as the Mortuary Fund, beginning a new epoch in fraternal benefits for members. —First authorized strike for nine-hour day in Pittsburgh by commercial printers and pressmen; I.T.U. members vote voluntary assessment to assist Pittsburgh members. Employers organized association to oppose Union, secured first injunction to prohibit picketing or speaking to strikebreakers; organized labor staged huge parade in protest against use of new strikebreaking weapon, the injunction, by government agency.

1892—Union Printers Home formally opened for reception of residents, and for sixty years the I.T.U. has provided this home and hospital for afflicted, aged and infirm printers. —Two thousand pressmen members seceded and formed their own international union. —I.T.U. authorized membership for mailers and news writers.

1893—Convention provided for initiation of new laws by petitions from local unions as a further step in guaranteeing democratic rule of the Union. —By referendum of members of both organizations, the German-American Typographia united with the International Typographical Union.

1894—By resolution adopted in referendum, members asked Congress for the "abolition of monopoly privilege of issuing money by individuals and corporations, and substituting therefor a system of direct issuance to and by the people."

1896—Bookbinder members, by agreement and with the assistance of the International Typographical Union, formally established their own international union. —Convention adopted provision for electing all I.T.U. officers by popular vote of the membership.

1898—Convention adopted law to discourage and prevent outlaw strikes, by withholding benefits unless strike or lockout is authorized by the Executive Council.

1899—Established nine-hour day, six-day week by contract with commercial printing employers after many months of collective bargaining. —Organized all Linotype machinists and machine tenders working in composing rooms; required such employment to be given to competent members of the Union.

1900—Instructed the president to notify the American Federation of Labor that the I.T.U. "is not in position to arbitrate its own laws" as to jurisdiction over composing room work claimed by other crafts.

1901—First of a series of International Arbitration Agreements with newspaper publishers adopted by referendum; system continued 21 years, then replaced by voluntary arbitration.

1902—Golden Anniversary showed a total membership of 38,364, with 559 local unions. —Women's International Auxiliary organized.

1903—By agreement with the International Typographical Union, stereotyper and electrotype members established their own international union.

1904—International Typographical Union locals of photo-engraver members were assisted in forming the International Photo-Engravers Union.

1906—Members in commercial printing shops struck for an eight-hour day, and carried it to successful conclusion against employers' open-shop movement.

1907—Adopted a voluntary plan of "I.T.U. Course of Instruction in Printing," offered by the Inland Printer Technical School of Chicago.

1908—Established a Pension Fund by special assessment based upon a percentage of earnings, the model for the social security plan and for most industrial pension plans.

1909—Manufacturing clause in U. S. copyright law adopted after 43-year agitation by the International Typographical Union to protect American labor from substandard foreign competition on matter protected by our copyright law.

1910—Referendum of membership adopted policy of discouraging and opposing piece-work, bonus for extra production, and sweatshop conditions.

1911—Joined with other crafts in forming International Allied Printing Trades Association, assigned title of Allied Label to joint ownership of affiliated crafts, provided voluntary co-operative action.

1912—The I.T.U. took over the Inland Printer Technical School Course of Lessons in Printing as a continuation of its apprentice training policy.

1914—Authorized sending delegates to Trades and Labor Congress of Canada, after it separated from the American Federation of Labor by agreement. Represented at every session since that time.

1916—Made ten-year arbitration agreement with commercial printing employers, but neither employers nor printers ever used arbitration during the life of the agreement.

1917—International Typographical Union guaranteed protection of jobs and priority for its 7,343 members who entered military service of Canada and the United States.

1919—Negotiated international agreement with commercial printing employers for a 44-hour week, which employers repudiated on the day it was to become effective.

1921—Commercial printers struck to enforce the 44-hour agreement made with employers in 1919; weekly half-holiday won, pattern for all crafts.

1922—Began free collective bargaining without previous arbitration commitment by either party, since record of 21-year experience proved complete freedom necessary to successful negotiation.

1930—Union survived greatest economic depression in history by sound principles and practical approach to problems, shared work and created unemployment funds, set a pattern for others.

1933—Began a five-day week at expense of members only; later federal law helped other workers get the five-day week; reduced earnings were offset by sound bargaining and co-operative practices.

1935—Wagner Act seldom used by union printers. I.T.U. gave aid to newly organized locals. —Urged American Federation of Labor to organize millions of workers in mass production industries.

1937—International Typographical Union refused to be assessed by the A. F. of L. to fight industrial organization, holding fast to the policy adopted in 1882 and reiterated in 1887 and 1900 asserting its autonomy.

1939—Tolerated suspension from American Federation of Labor for non-payment of the unauthorized assessment to create a fund for war against industrial unions.

1944—Accepted re-affiliation on same basis as in 1881, after A. F. of L. adopted policy: "International unions have complete authority to regulate the conduct of their officers and members, and to control the use of their funds and properties."

1947—International Typographical Union refused to accept any of the alleged benefits of the Taft-Hartley Act, holding fast to time-tested, sound principles of free collective bargaining, unhampered by governmental bureaucracy or other outside interference.

1952—Its 89,659 members still hold to the 100-year-old principles and practices which have made the International Typographical Union a great social force for progress and betterment, as well as the oldest and most democratic trade union in the world.

MAKES COMEBACK. Sultury Myriam Petreel will soon return to the Italian screen. Known in film circles as Myriam De San Servolo, she had planned to make a comeback under that name, but decided to use her real name from now on. Myriam is the sister of Claretta Petreel, sweetheart of Benito Mussolini, who was killed by a mob along with the dictator in the closing days of World War II.

FIRST AID TO AILING HOUSE

—By ROGER C. WHITMAN—

Scratch Marks in Floor
Q. My husband and I have a brand new home and find the hardwood floors that are not covered by rugs have a great many white scratch marks. We wonder if you have any suggestions to offer?

A. Either the floor finisher used a poor quality floor varnish or applied too much shellac. If shellac was used, it would be advisable to wipe the floors every couple of weeks with a cloth well dampened in denatured alcohol. This will have a tendency to thin down the film of shellac and reduce the appearance of scratch marks. Varnish of a poor quality should be removed with a floor sanding machine and, after all dust is wiped off with turpentine, the wood can be refinished with a good grade of floor sealer, penetrating wax, floor varnish or shellac. When using shellac, be sure it is pure and fresh, and thin it half and half with denatured alcohol. Two coats should be sufficient.

Mr. Whitman offers readers leaflets on a variety of subjects concerning home repair work. If you would like to have his leaflet, W - 18,

Feel Hot War Unlikely Soon

WASHINGTON (AP) — A growing impression among top American military leaders that Russia won't launch a hot war soon appears based partly on a belief the Soviet Union needs more time to put her armed forces and economy in readiness.

This is in addition to more obvious reason, including the improved condition of the mutual defense setup in Western Europe, and the bald fact that Communist Russia has been doing exceedingly well with just a "cold" war for subversion, pressure on weak nations, and promoting a "little" war in Korea.

Over the weekend, Gen. Alfred M. Gruenther, chief of staff of the combined Western defense forces in Europe, pointed out what he and others had said before. In a radio interview he expressed belief the Russians would not attack this year or in the near future. In fact, he declared he did not subscribe to the doctrine that war is inevitable.

12 Arrests Reported By State Patrol

One accident resulting in an arrest and 11 other arrests Friday were reported by the state highway patrol.

A small truck driven by Curtiss Rogers, 23, of near Marion and a car driven by Harold L. Robinson, 33, of near Marion side-swiped as they passed each other on County Road 106, about one and one-half miles west of Route 73, at 8:20 p.m. Robinson was going east. His car was considerably damaged. The westbound truck was damaged slightly. Neither driver was injured.

Rogers' truck had only one headlight, the patrol reported. He was charged with driving with insufficient lights and was cited to appear in Marion Municipal Court Monday.

Seven of the other 11 arrests were on charges of speeding. The drivers, with the highway where they were arrested and case disposition, are as follows:

Charles Stottlmore, 32, Niles, Ill., Route 30-N, \$15 and costs. Constantine D. Stephenson, 20, Paterson, N. J., Route 30-N, \$15 and costs. Ray A. Boldmer, 46, Bucyrus, Route 30-N, in court May 7. William A. Brown, 33, Bancroft W. Va., Route 23, \$15 and costs. Melvin Kemper 33, Dayton, Route 42, \$15 and costs; Lawrence W. White 40, Cleveland, Route 42, \$20 and costs. Bernard Graybill 45, Dayton, Route 42, \$15 and costs.

John W. Haug, 45, of Millersport, O., was charged with crossing over the yellow line on Route 23 at 7:30 p.m. He posted bond for appearance in Municipal Court.

Toivo H. Maki, 44, of Jeddburg, S. C., was held overnight in Marion City Prison after he was arrested at 10:15 p.m. on Route 23 on a charge of driving while under the influence of alcohol. His case was

scheduled for hearing in Municipal Court.

Henry F. Penix, 23, of 616 Park St. was fined \$15 and costs when he pleaded guilty in Municipal Court to a charge of reckless operation. He was arrested on Route 4 at 4:15 p.m.

William B. Penton, 23, of Lorain was charged with passing at the crest of a hill on Route 42 at 7:30 p.m. He pleaded guilty and was fined \$10 and costs by Alvin Spriggs, justice of the peace in Mt. Gilead.

Terror Holds Hungary To Russia; Fear, Suspicion Are Everywhere

Poland, Czechoslovakia, Hungary, Romania, Bulgaria . . . Once independent, these today are Stalin's colonies. The area stretching from the Baltic to the Black Sea holds 70 million persons who know first hand what Moscow means when it speaks of "imperialist aggression." They may be half-forgotten in a world busy with many problems, but theirs is one of the major stories of our time.

William L. Ryan, AP foreign news analyst, set out to get the best available information of them. He traveled several thousand miles, studied Russian publications, and interviewed scores of exiles, refugees and diplomats—each in a position to supply some part of the broad picture. Ryan's findings will appear in five articles this week. Today's the first, focuses on Hungary.

By WILLIAM L. RYAN
AP Foreign News Analyst

Five years ago this month Matyas Rakosi stepped in and took over Hungary for his boss and idol, Joseph Stalin.

Rakosi—his ex-prisoner Robert A. Vogeler calls him "old potato head" because his hairless and wrinkled dome looks like a washed potato—retains his grip over the country today. But there are too many Communists who are Communists in name only. Rakosi, a fast man with a wise-crack, is just as fast with a purge. He is giving the party one of its most thoroughgoing purifications yet, under Moscow's watchful eye. Hungary is less sovietized than any of the other satellite coun-

tries. But the signs are all there and its time for the full Russian takeover must be far away. The same forces which drive the Communists in the other satellites are at work in Hungary, and the greatest of these forces is fear.

Exile sources express certainty that fear brings new waves of deportations now apparently under way in the captive countries, and the many acts of repression. On the one hand, the satellite leaders dread provoking Moscow's displeasure. On the other, they realize they are building up a flood of bitterness which some day may engulf them.

Distrust Everywhere

The seeds of fear are bearing

bitter fruit in Bulgaria, Hungary, Romania, Czechoslovakia and Poland. Communist eyes Communist with secret misgivings. Distrust and suspicion are everywhere. Purge follows purge. Terror is the cement which holds the structure together.

Communist leaders have so many pitfalls—not the least of them the capriciousness of Moscow itself—that they cannot afford to take chances. That is why, in Hungary today, the party is being purged again. Matyas Rakosi trusts nobody, but he distrusts some Communists much more than others.

His engineer for the purge is his oldtime lieutenant, Erno Gero. Like Rakosi, Gero is of Jewish origin, and with Rakosi he was a member of the Communist International hiding in Moscow during the prewar regime of Regent Adm. Horthy. Both were wanted for treason and dozens of charges of homicide.

Under Gero's direction recently, the Budapest politburo began its screening of the million members of the Communist party. That is too large a number for safety. Many are suspected of nationalism or "cosmopolitanism"—putting the interests of Hungary above those of the USSR.

The politburo set up a committee for the checkup. It first screened those who were members before 1945, then those brought into the party after the 1947 coup, then any who traveled in the west after 1945, and finally, those who had any contact at all with the west. The screening continues.

Army Laced With Spies

Fear of Hungarians causes the party and Moscow to lace the Hungarian army with spies. It brought a decree assigning armed guards to every merchant vessel plying the Hungarian part of the Danube.

Fear is stepping up the disciplinary measures against workers and peasants. Any construction worker who quits a military project without permission is sent into forced labor. As for the peasants, "voluntary" collectivization of farms is being sped by imposition of taxes so heavy the independent farmer can't pay. His land is then confiscated and he is forced into the collective.

Fear of Hungarians caused the Russians to take the railroads over completely, controlling it from their railway command in the Soviet zone of Austria.

The Mavag railroad freight engine plant builds engines with convertible axles, adapted to both European and Soviet gauge tracks, easing the shipment of Hungarian goods into the USSR. Engines and armored trains turned out at Mavag receive Soviet markings before leaving the plant.

It was fear of the "strong" man who might turn independent—like Tito—which caused the Communists of Hungary to execute Laszlo Rajk, one-time power in Hungarian Communism and former interior minister.

It was fear of the strength of Roman Catholicism which caused the Hungarian Communists to imprison Cardinal Mindszenty and other religious leaders.

Not Enough Food Now

Among the blessings of Bolshevism is this: Hungary is a producing land where there has always been a food surplus. Today there is not enough to feed the population.

City workers are hard hit by

the rise in prices, particularly the low wage groups. When rationing ended, they got a rise of up to 20 per cent. But food skyrocketed, in some instances as high as 300 per cent. An office worker makes 580-750 forints a month; an industrial worker 400-900; farmer, 500-700. But a suit of clothing costs 1,100 forints now instead of 400. A shirt costs 215 instead of 160; women's shoes 280, a dress, 1,000.

Beef rose to 28 forints from 8.20 a kilo (about two pounds). Pork to 35 from 14; one egg to 3.50 from 1.20; bread, 2.80 from 1.40.

Rakosi, once a clothing store clerk in Szeged, by comparison does all right. He gets 10,000 forints a month as party secretary

and 5,500 as a minister. Other ministers get 7,500 as party secretaries and 3,500 as ministers. A lower party official takes 2,700 a month plus what he can grab in graft. The Russians get most of all—including privileged stores where prices are low.

New Wave of Deportations

Ferenc Nagy, the smallholder party leader and former premier who fled his country just before the 1947 coup, reports: "According to recent information, a new wave of deportations is in the making now, but they are trying to do it less conspicuously than last year."

Among the greatest sufferers from these mass evictions were Hungary's Jews, despite the Jewish origin of Rakosi, Nagy says.

His report is supported by the National Committee for a Free Europe which tells of five successive waves of deportations in Hungary from wartime to the present. The fifth wave, says the committee, is underway now.

Many thousands were deported in the latest operation, which began last May, in the cities, families were moved out to make Budapest a "workers' city" and make room for Communist officials, Soviet occupiers and new factory workers.

"The general mood in Hungary among the people," says former Premier Nagy, "is one of depression, because they see less and less hope for the future. In negotiations between the West and the USSR they see little attention

being paid to the plight of central and eastern Europe. The West emphasizes defense of the western world but makes no mention of liberation of captive countries.

"The West must not forget that the people of the captive countries have a high standard of political intelligence. Empty propaganda will not attract them. Nor should the West talk about restoring the past, which is hated. What they want is a real democratic world. The foundations should be laid for a future federation of east European nations. Only such a federation can secure future generations from the tragedies of our own."

Tomorrow: Suspicion runs deep in Czechoslovakia

RECKLESS DRIVING IS TOO COSTLY

It produces too many needless accidents. Too many lives are sacrificed to speed. Of the million and more lives that have been lost in automobile accidents since the turn of the century a large part can be blamed on reckless driving. Careful drivers live longer. They are the folks we want to insure.

Are you one of them?

Marion's Big Week in Music

LAUNCHING of the Marion Community Con-
cert Association's 1952-53 membership cam-
paign today simultaneously with observance of
National Music Week starts off an exceptionally
notable week for this community.

Coupling these two events is indeed appro-
priate in every respect, with this community
holding a musical rating among the highest
listed in Ohio. By this is meant a rating it has
won for two accomplishments—first, the un-
usually large number and scope of its programs
and other musical activities throughout each
year and second, the high standard of talent
developed here by individuals and groups in both
vocal and instrumental classifications.

The annual program arranged by the Marion
Community Concert Association is, of course,
one of the most important of all the year's activi-
ties and if any one project is especially entitled
to be made a part of National Music Week
observance, obviously that is the one.

Making the membership campaign for the next
season an outstanding success will do much to
mark this National Music Week observance here
as one of special distinction. No doubt the cam-
paign will meet with that measure of success.
Based on the record of fine concert programs in
the past, with each one presenting some of the
country's greatest entertainers, it is reasonable
to predict that the membership enrollment for
1952-53 will assure capacity houses for each
program.

That will be an admirable and fitting way for
Marion and its neighboring community to re-
spond to the slogan adopted for this year's
National Music Week observance. The slogan is
"Make Your Life More Musical."

And it is a slogan that would be mighty
helpful and uplifting for anybody and every-
body to put into effect in their daily living.
Lives made more musical certainly could be
nothing but better and happier lives.

Good Reading for Juveniles

THE "publishers' library," established at the
Marion City Schools' Administration Build-
ing to help provide high standard supplementary
reading material for grade school children, seems
likely to prove exceptionally valuable and
popular.

Obviously the books will be of the kind that
children ought to read and also that they like
to read. Both of these qualities are essential.
Too often there is insistence that boys and girls
take an interest in reading material that has no
appeal to them whatever. In such instances they
may pretend to be interested and actually plod
through the books or other publications forced
upon them. But of course they get no benefit
from their reading and in fact it may cause them
to form an aversion for anything rated as "good
reading."

No such condition exists in connection with
the new publishers' library, for it is in the hands
of experts who know what sort of books will be
wholesome and educational for children and at
the same time be read by them with interest
and enjoyment.

Tonight the publishers' library will be opened
with a "Book Fair" that should attract a large
attendance of parents, teachers and others who
have an active role in the extremely important
work of helping boys and girls get the best
possible training for their adult years.

Another Case of Seizure

THE part of the world which still dares to
make an issue over despotism is glad to
hear that William Oatis is still alive and appar-
ently in good health in the hands of his Com-
munist captors.

After 53 weeks of imprisonment, Oatis was
permitted to have a visit from U.S. Ambassador
Ellis O. Briggs in a Czech prison. He is serving
a 10-year sentence on trumped-up charges of
espionage. Oatis was an employee of Associated
Press when he was seized, railroaded through a
drumhead court and thrown into jail.

It is significant that only a few days ago
Federal Judge David A. Pine asked a Depart-
ment of Justice lawyer whether or not he be-
lieved the President of the United States had
the power to seize him and throw him in jail
without permitting any legal recourse.

The lawyer, caught off guard, said he would
have to think about that. He had been arguing
before Judge Pine that the President of the
United States could not be restrained from doing
anything which came to his mind because he
was an indispensable official and could not be
restrained.

Judge Pine denied that preposterous argument
in his historic decision ordering the government
to return the steel properties it had seized. The
government lawyer is still thinking about what
might happen to him if he really meant what he
said in his argument.

Respect for Law
By Raymond Moley

Judge Pine's Decision Has Historical Importance

SAN ANTONIO, TEX.
TWO MEN MUST stand before
the bar of public opinion for a
long time to come and bear the
stinging accusation that in a na-
tion which rests upon the firm
foundation of law they have
chosen other ways to attain their
ends. These men are Harry S.
Truman and Philip Murray.

President Truman has deserved
censure because he has chosen to
ignore a wholly adequate legal
means of meeting a problem and
has acted illegally. Thus, his of-
fense is contempt only. After the
ruling of Judge Pine, it must have
been clear to Murray, as it was to
every literate American, that
further measures of legal relief
were available to him. The case
had with Judge Pine passed only
the first stop in the legal roadway.
It will be appealed in the way
provided in our laws and Consti-
tution.

HOWEVER, contemptuous of
this fact, Murray chose to bring
upon his country what may be a

Quick thinking on the part of
Jack Cade saved him and a com-
panion Richard Field, also a Mar-
ion County soldier from being
taken as spies during the Civil
War. Enroute back to their camp
after a scouting trip near Mas-
sachusetts Mountain, they suddenly
found themselves surrounded by a
number of Mississippi soldiers.
Discovery of a sketch of the ene-
my camp, carried by Cade in a
handkerchief in his cap, would
have sent them to death. When
ordered to halt, Cade stopped,
took off his cap, took out the
handkerchief, gathering the pa-
pers in his hand, wiped his face
threw the handkerchief back, re-
taining the papers in his hand.
While advancing to the officer he
apologetically accidentially stubbed
his toe, fell down and ran his
hand under the leaves and rub-
bish, leaving the papers. They
were taken to Richmond, treated
most inhumanly for eight or nine
days and finally paroled.

The Pure of Stomach
By TRUMAN TWILL

THEN THERE ARE the people
who feel called on to say a few
derogatory words about the food
they eat in public places. Suspect-
ing the worst, they hunt for evi-
dence systematically and are never
content until they have found it.

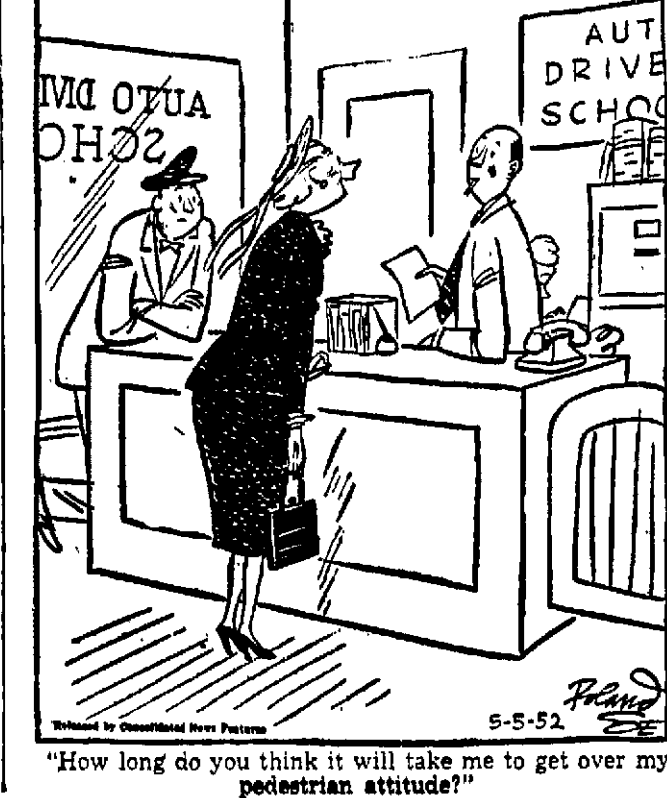

The search is conducted by
sight, smell and taste, assisted by
over-active imaginations. When
the food is set before them, they
give it a long, searching look,
making it evident they are filled
with dark thoughts of unpalat-
able substances and illegal substi-
tutes. A few remarks along this
line are thrown in to make cer-
tain everyone within hearing dis-
tance will share the suspicion.

The next stage of the inquiry
is conducted by nose. They bend
over the plate ever so slightly—
but ever so dramatically—to
catch that tell-tale whiff which
threatens to send them reeling
from the table with a napkin
pressed to their pallid lips.

Then, with the stage set for the
denouement, the pure of stomach
tentatively stab at the object of
repulsion which has been placed
before them with one of the in-
struments provided for the pur-
pose. But first, the instrument it-
self, must come in for a few
seconds of furrowed-brow scruti-
ny.

TO MAKE CERTAIN no one
can misunderstand that these so-
phisticates know all the grips
in their timeless tussle with
poisoners of viands, they call for
more suitable implements; i.e., im-
plements which are "clean." They

Is Senator McCarthy a Liar?
By George E. Sokolsky

SENATOR JOE MCCARTHY
has answered a large number of
questions concerning himself, his
accusations and his fight in an
article for the current issue of
Cosmopolitan magazine. The ques-
tions were asked by friend and
foe.

Those who say that Joe McCar-
thy is a liar base their case gen-
erally upon his use of different
numbers in different places. His
enemies say that the senator
does not know what he is talking
about. The senator answers all
questions on that subject. I shall
only quote one of five questions
and answers about it:

"Would you explain your use
of the numbers 205 and 57 in re-
ferring to Communists and pro-
Communists in the State Depart-
ment?"

"At Wheeling I discussed a let-
ter Secretary of State Byrnes
wrote in 1945 to Congressman
Adolph Sabath. Byrnes stated that
284 individuals had been declared
by the President's loyalty board
as unfit to work in the State De-
partment because of Communist
activities and for other reasons,
but that only 79 had been dis-
charged. This left 205 still in the
State Department's payroll even
though the President's own board
had declared them unfit for gov-
ernment service."

"In the same speech at Wheel-
ing, I said that while I did not
have the names of the 205 re-
ferred to in the Byrnes letter, I
did have the names of 57 who
were 'either members of or loyal
to the Communist Party.' Those
names were offered to the Presi-
dent in a telegram I sent him the
following day. The President in-
stead of accepting the names con-
tented himself with calling me
names."

THE NEXT SERIOUS charge
against Joe McCarthy is that he
accuses men falsely and on in-
sufficient evidence. Yet a number
of persons have been dismissed
or have resigned because of his
testimony. For instance, John
Stewart Service was dismissed;
William Remington was con-
victed; Edward Posniak resigned
and was questioned by a Grand
Jury; Esther and Stephen Brun-
nauer were suspended; Peveril
Meigs was discharged; Hans
Lansberg was dismissed; Oliver
Edmund Clubb was permitted to
resign; Owen Lattimore tripped
himself in conflicting evidence
before the McCarran Committee.

Gen. Graham, who served dur-
ing the war in England, France
and Germany, was on his way to
the China-Burma theater in Sep-
tember 1945 when the President
sent for him. He had started his
hobby back in Kansas City. When
the war came along he gave away
some 90 different varieties.

Now he's at it again in the so-
larium of his house on the post of
Walter Reed General Hospital,
where he engages in cancer re-
search and serves as surgical
chief of section.

Though he says he works some
days from 5:30 a.m. till mid-
night, Gen. Graham has found

Wigwam to Wampum
By LYLE C. WILSON

From the tepees to towers in 50
years is the way they describe the
miracle of Oklahoma.

Soon Oklahomans will be cele-
brating the anniversary of the
great land run of 1889. Nearly
2 million acres of free land were
opened to settlement at 12 noon,
April 22, 1889, and folks have been
writing about that "run" and mak-
ing movies about it ever since.

Both of the 32-story "towers"
down the blocks from the United
Press office in Oklahoma City
stand on land that was to be had
for free on that long-ago April
day—and all the city and county
area to boot. But Oklahoma
scarcely got going until the turn
of the century. Oklahoma was
not a state until 1907.

To a boy who went to Okla-
homa more than 40 years ago and
goes back today, a man, the
miracle is stunning although yet
far from complete.

Villages have become towns.
Towns have become cities. Okla-
homans have developed a pride
in their state as fierce as the pride
of Texas. Well, almost as fierce.
In Oklahoma City where there was
not a single park, not a tree as
tall as a house in 1910, there are
acres and acres of shade and
beauty.

Over in Platt National Park
100,000 redbud trees are in bloom
right now along a nine-mile drive.
And even one single blooming
redbud is a sight to see.

Oklahomans can show you to-
day scores of lakes and one of
them tops 100,000 acres. State and
national parks conserve the raw
beauty that the Indians knew.

The University of Oklahoma has
developed into one of the really
great institutions of learning on
this continent—and let who will
believe; it is really true.

The Once Over
By H. I. Phillips

The Real News Newsreel

KEITH FUNSTON, boss man of the New York
Stock Exchange, points out that the money bet
on horse races in this country last year would
have been enough to supply two-thirds of all
the dough raised by American business corpora-
tions through selling shares. We are not sure
what Keith is trying to prove, unless it is that
more corporation chiefs should go to the post on
horseback, wearing definite stable colors. . . . But
we have always believed that stock market daily
handicap and scratch sheets would be helpful,
since their lure has been so successful at race
tracks. . . . We would like to know who's up on
an investment, what he did last time out,
whether he is trying, etc. . . . And a lot of folks
who are being drawn to the races would switch
to the investment markets if they could get daily
selections and comment, viz:

U.S. Steel. . . . Changed hands recently.
A.T. & T. . . . Champ in field; always well up.
Union Carbide. . . . Some good performances.
Du Pont. . . . Victim of interference last time
out.
American Cyanide. . . . Good last summer;
shows little now.
General Motors. . . . Off form of late.
Chrysler. . . . Erratic; can surprise.
Newmont Mining. . . . Will bear watching.
Sears Roebuck. . . . Not persevered with.

And we are informed by Shudda Haddim, a
well-known racing enthusiast, that one reason
he sticks to the ponies is the fact that, despite
all the hazards, he has never seen a horse go to
the post with the words on his saddlecloth,
"While the information on this skinner has been
obtained from sources believed to be reliable,
we do not guarantee them. No statement on his
value, ability, prospects, etc., or hint regarding
his chances to come down in telephone numbers,
is to be construed as an offer to accept bets."

WELL, PRESIDENT TRUMAN wasn't in the
steel business much longer than he was in the
haberdashery business. . . . Scratched off as a
favorite vacation spot by the Democrats since
that steel case decision is the Isle of Pines. . . .
And at least temporarily sidetracked in the
White House is the recording "I'll Be SEIZING
You In All The Old Familiar Places." . . . Rus-
sians riddled a French passenger plane with bul-
lets the other day. . . . Anything to prove Mos-
cow's peaceful intentions as against the warlike
behavior of the helpless and unarmed. . . . An
"Ikeburger Sandwich" has now appeared in
lunchrooms. . . . (Plenty hot, of course, with the
main ingredients tiger meat, chili, victory garden
onion, snap beans and plenty of mustard.) . . .
You could have knocked us over with a feather
this week when we found Justice Bill Douglas
on the opposite side from Justices Frankfurter
and Black in a high court decision. . . . It oc-
curred in the matter of time off from school for
religion, and it looked to us as if Bill was play-
ing honkey from the dissenters for his own
spiritual good. . . . In a matter of speaking, Judge
Pine seized Truman.

NEW YORK ARCHITECTURE is getting a
glassy-eyed look, the latest example being the
new skyscraper Lever Building, Park Avenue
and 53rd Street, New York, a multi-story glass
oblong that has taken the play away from the
big United Nations' structure. . . . Irvin S.
Cobb's famous gag about people with the pri-
vacy of life in a goldfish bowl is no longer a
matter of whimsy. . . . We had a terrible night-
mare about it. . . . Dreamt we were the janitor
and got a call in the middle of the night telling
us there was a window open somewhere and to
close it right away. . . . Celeste Holm has di-
vorced her husband. . . . She gets the custody of
"I Can't Say No" and "Oh What A Beautiful
Morning"; he gets the right to spend one month
a year with "The Survey With The Fringe On
Top." . . . Seven hundred girls showed up at the
Waldorf for a contest in which someone will be
named after a beer. . . . That's a contest that
could drive a judge to drink. . . . "Pretty num-
ber, don't you think?" we heard one judge ask
as a beautiful blonde passed. "Yeah, but what
we've got to decide is whether she is both the
bottle and the tincan type."

News of Other Years

TEN YEARS AGO—It was Tuesday, May 5,
1942.

Bitter fighting was reported raging on the
north end of 1,000-mile-long French Madaga-
scar, the world's fourth largest island, as British
sea-borne "invasion" forces attacked toward the
Diego Suarez naval base after a surprise landing.

Sugar rationing registration of Marion city
consumers went into its second day following
the opening session in which 8,216 persons were
registered and 7,624 rationing books were dis-
tributed.

Sheriff J. W. Harruff announced appointment
of Millard E. Baldwin of 196 E. Washington Ave.
as deputy sheriff succeeding William T. McAn-
drew, who left to enter defense service.

Mrs. Richard Parish was chosen president for
1942-43 when Gamma Mu Chapter, Delta Theta
Tau Sorority, met at the home of Miss Pauline
Ruhl, Lafayette St.

Marion Harding's Don Kay, a junior, set down
the Gallion Orangemen without a single base hit
to post a 10-2 Harding victory in a six-inning
game on the Lincoln Park diamond.

TWENTY YEARS AGO—It was Thursday,
May 5, 1932.

Japanese military authorities at Shanghai an-
nounced they had "ordered" their troops to begin
a withdrawal from positions they had been occu-
pying in the international settlement and adja-
cent areas. It was represented as the first step
in carrying out an armistice signed to put an end
to the hostilities between China and Japan which
had been going on in the Shanghai sector since
January.

Thirty-one couples took the state civil service
examination for superintendent and matron of
the Marion County Children's Home. They were
to fill the vacancies left by the retirement of
Mr. and Mrs. W. T. Niles.

It was announced that the wayfarers' lunch
room which had been located in the Armory
under the auspices of the Salvation Army was to
be removed soon to 498 W. Center St. Meals
served at the lunch room since its opening in
October and up to April 30 numbered 22,935.
Of these 11,429 were served to Marion men and
11,506 to transients.

Arrangements were being made to welcome
200 young men from throughout Ohio in Marion
for the annual convention of the Ohio Junior
Chamber of Commerce May 14-15. Governor
George White was booked for the principal
address. Edwin W. King was convention chair-
man for the Marion Junior Chamber. Others on
the committee were Chester Riddle, Ray Lehner
and Welcome Cass.

PALMS AND BASKETS of white gladioli and pompons decorated the altar of Epworth Methodist Church for the wedding of Miss Ruth Louise Bull, daughter of Dr. and Mrs. J. W. Bull of Mt. Vernon Ave., and Donald E. Baker, Sunday afternoon. The bridegroom is the son of Mr. and Mrs. J. W. Baker of Columbus.

Lighted tapers in two branched candelabra completed the altar decorations and family pews were marked with white carnations and emerald greens caught with white ribbon bows.

Mrs. George Lane, organist, and Miss Marilyn Hogen, vocalist, presented a program of nuptial music preceding the ceremony read at 3:30 o'clock by the pastor, Dr. V. E. Busler.

Proceeding the bride to the altar were her sister, Mrs. P. M. Eakins, who was the matron of honor, and Miss Ann Braunberrns of Warren, Miss Virginia Bull, cousin of the bride, and Miss Martha Thompson, bridesmaids.

The bride was escorted down the aisle and given in marriage by her father. Her gown of white satin was fashioned with a fitted bodice, long sleeves and a full hoop skirt. A band of soft shirring outlined the low neckline and bands of shirring topped the full skirt which extended into a deep train. Her elbow-length veil of bridal illusion fell from a satin-trimmed cap and she carried a cascade bouquet of Calla Lilies and white roses. Her jewelry was a single strand of pearls.

Lavender Gown

Mrs. Eakins' gown was in a lavender shade and the bridesmaids wore pale green taffeta. Loops of taffeta accented the off-the-shoulder neckline and were held in place with bands of matching marquisette. The loops were repeated in an inset panel of pleated marquisette in the full skirt tapered to the waistline with tiny unpressed pleats and held with a belt of matching taffeta. Her flowers were a crescent of yellow pompons and daisies and she wore a band of the same flowers in her hair.

The bridesmaids' gowns were styled like that worn by the matron of honor. They carried baskets of pink ministrel pompons.

MRS. DONALD E. BAKER

and daisies and wore hairbands of the same flowers.

Serving as best man for Mr. Baker was his brother, S. A. Edward Baker who is stationed with the armed forces at Bainbridge, Md. Ushers were Airman 3/c Robert Bull, brother of the bride, stationed at Scott Air Base, in Illinois, Arthur Baker of Columbus, brother of the bridegroom, Phillip Eakins, brother-in-law of the bride and her cousin, George Bull.

The reception was held in the church parlors. The table was centered with a tiered cake and decorations were bouquets of white carnations and gladioli and white tapers. Garlands of huckleberry foliage tied with lavender and green, the bride's wedding colors, cascaded down the front of the table.

Honeymoon in Florida

When the couple left on a wedding trip to Florida the bride was wearing a navy blue suit and accessories, and pinned to her pink topcoat was a corsage of pink and white carnations. Upon their return they will make their home at 185 E. Columbia St.

The bride was graduated from Claridon High School and attended Ashland College. She is employed in the display advertising department of The Marion Star.

Mr. Baker was graduated from Ohio State University and is a pharmacist with the Walgreen Agency here.

Guests from out of the city attending the wedding were from Chicago, Detroit, Minot, N. D., Cleveland, Prospect, Radnor, Kirkpatrick, Columbus, Mansfield, Warren, Canton, Cambridge, Cin-

cinnati, Hamilton, Forest, O., and Bainbridge, Md.

The rehearsal party was at the home of Dr. and Mrs. Bull. At this time Miss Bull and her fiance presented gifts to their attendants.

Mrs. Leo Harvey and Mrs. Lewis Cummins were hostesses when Mrs. Kenneth Roberts of 209 Forest St. opened her home to members of the Child Study Club Thursday evening. Plans were made to attend the Central District meeting to be held at Bucyrus May 15. Mrs. Don Schilenz presided for the program hour during which Mrs. W. E. Orcutt entertained with a group of humorous sketches. Mrs. Robert Morrison received the special word.

The first anniversary of the founding of the Jai Lai Club was celebrated Thursday evening at the home of Mrs. Betty Owens on Delaware Ave. Plans were made for a movie party May 12.

Mrs. Donna Baldauf won the hostess prize. Contest honors were won by Mrs. Louise Carr, Mrs. Imogene Turner, Mrs. Jenny Lister, Mrs. Rose Mathews and Mrs. Ruth Search.

Mrs. D. A. Howard was hostess for a meeting of the Round Table Club Wednesday afternoon at the Women's Club Home. For the program Mrs. Howard Geer reviewed the play, "Mr. Roberts."

Tea was served during a social hour with Mrs. Gerald Baker, president, presiding at the table. The season will close with a picnic, the date to be announced later. Mrs. John Plank will be hostess.

Mrs. Irma Dietrich of 119 Leader St. entertained a group of friends at a surprise "hobo" party Wednesday night at her home. The guests arrived dressed as hoboes and "Mulligan Stew" was served on tin plates and beverages in coffee and soup cans. Serving was by candlelight and crates were used for chairs. Guests included Mrs. B. McGary, Mrs. W. S. Truman, Mrs. Pat Ryan, Mrs. Alma McCleary, Mrs. Wanda Dallas and Mrs. W. Tierney. The group planned original parties each month.

Mrs. Ruth O'Dowd and Mrs. Jeanette Perry were associate hostesses when the Winodausis Club met Wednesday evening with Mrs. Kathryn McCleary of 633 Blaine Ave. Mrs. Dorothy Dodds was a guest in euchre first honors went to Mrs. Cleo Guy, second to Mrs. Ollie Winfield and the consolation to Mrs. Lois Williams. Mrs. Daisy Haflick received an award for the most lone hands and Mrs. Gerry Hammond was presented a special prize. Hostesses for the next meeting will be Mrs. Mary Sabins, chairman, Mrs. Patricia Schertzer and Mrs. Pearl Sidensticker.

A meeting of the House and Garden Unit of the Marion Garden Club, scheduled for May 2 has been postponed until May 9 on account of the regional meeting Wednesday. Mrs. B. R. Prichard will be hostess for the meeting at her home on Vernon Heights Circle.

Mrs. F. B. Orthmeyer of 499 Blaine Ave. was hostess for a

Mr. and Mrs. C. I. Smithson To Celebrate Golden Wedding

Mr. and Mrs. C. I. Smithson of 189 1/2 W. Center St., married 50 years ago next week, will celebrate their golden wedding anniversary Sunday. There will be an open house event for the family and friends at their home from 2:30 p.m. until 4:30, and 7 until 9. This will be preceded by a family dinner at Ringer's Inn.

Married May 15, 1902, in Marion, the Smithsons did not become residents here until Aug. 15, 1915. The wedding ceremony was read in the home of the Rev. David Wonder here, and the young couple went to housekeeping at Claridon.

The bride of a half century ago was Miss Lesia A. Bird, youngest daughter of Mr. and Mrs. William L. Bird. She was born Nov. 20, 1883, at Mt. Victory. Her husband was born at Claridon May 2, 1880, a son of Mr. and Mrs. H. I. Smithson. He taught school and operated a general store until coming to Marion where he worked four years for the old Marion Steam Shovel Co. Becoming then an employee of the Marion Postoffice, he served 27 1/2 years as a parcel postman and mail carrier in the Oak St. and Silver St. districts.

You Can Leave Your Check Book At Home

When you keep an appointment to make prearrangement for funeral service, you can leave your check book at home. Prearrangement is not a plan for collecting money before it is due.

Prearrangement is simply a matter of going to the funeral director of your choice and asking him for information about funeral service. Having these facts, you can readily decide what you would prefer in service and merchandise. Your instructions are then filed away until needed. There is nothing difficult about it, but there is a real protection for your family and your estate.

That is why we urge prearrangement. It leads to a planned and satisfactory service.

Answer Four Fire Calls.

Marion firemen answered four fire calls over the week end.

A \$75 loss was reported to a garage owned by John Robinson, of 484 Mound St. at 11:48 a.m. Saturday. Boys playing with matches were blamed as the cause of the fire, Fire Chief O. A. Siffritt reported. Part of the side and a portion of the roof was burned. Firemen from the W. Center St. and Central fire stations answered the call.

An awning caught fire at the Musser Floral Co. store at 120 S. State St. at 3:45 p.m. Saturday. Firemen from the Central station answered the call and reported a \$5 loss. A cigarette on the awning was given as the cause of the fire.

A bonfire at Lindberg and Woodbine Aves. set a tree on fire at 8:45 p.m. Saturday. No loss was reported. Firemen from the Central fire station answered the call.

A car owned by Ralph Hoffman of Morral was damaged when his carburetor caught fire on a country road about five miles northwest of Marion at 10 a.m. Sunday. The fire was extinguished by firemen from the Mark St. station, who were called to the scene. No estimate was made on the loss. The car windshield was broken and the hood scorched by the fire, firemen said.

LILACS

Lilacs may be expected to grow well if given a sunny place in a good depth of loamy well-drained soil that will not dry out too quickly. They are unhappy in shade, and pretty sure to be disfigured with mildew there. The soil should be neutral or of slight alkaline reaction. This means that in some gardens, lime is necessary to insure good growth. Cow manure provides good feeding for established plants; it is often easiest to obtain in dried prepared form. Bone meal is excellent but slow in action. Several of the wild lilacs are desirable garden plants. Persian Lilac with small leaves on slender branches, is the most graceful. Fragrant pale lilac flowers are borne in loose clusters. The earliest Lilac to flower is known as Korean Early Lilac. The pinkish flowers are borne in loose clusters. The leaves are large, tinted bronze at first, and colorful again in the fall. During the four centuries or so that the Common Lilac has been in cultivation, more than 500 variations have been recorded. A great many of these were introduced by the French nursery firm of V. LeMoine, since 1870, and this fact gave rise to the term "French hybrids". It is from this group that

HAROLD E. ANDREWS
REPUBLICAN CANDIDATE
for
COUNTY RECORDER
PRIMARY MAY 6th

My qualifications to fill the office for which I am a candidate, are fifteen years experience in clerical work. Attended OSU and Akron University. Am asking your thoughtful consideration of my candidacy, as an attack of infantile paralysis when four years of age has left me unfitted for many tasks requiring physical activity.

You Can Leave Your Check Book At Home

When you keep an appointment to make prearrangement for funeral service, you can leave your check book at home. Prearrangement is not a plan for collecting money before it is due.

Prearrangement is simply a matter of going to the funeral director of your choice and asking him for information about funeral service. Having these facts, you can readily decide what you would prefer in service and merchandise. Your instructions are then filed away until needed. There is nothing difficult about it, but there is a real protection for your family and your estate.

That is why we urge prearrangement. It leads to a planned and satisfactory service.

It makes each drop of gas say uncle

—gets whipped into a churning, swirling ball of tight-packed energy.

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future."

It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood —and extra miles in the fuel back in the gas tank.

Now, power is great, but what goes with it?

Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflo Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

Sheep Assoc. Holds Dinner

Annual Report On Sales Given

Two hundred members and guests of the Delaware-Morrow-Marion Sheep and Lamb Improvement Association attended the seventh annual meeting and banquet at Ashley on Tuesday night.

The dinner was served by women of the Ashley Methodist Church and the music was furnished by the Pleasant Township High School girls' triple trio.

Alpha Lepp, of Edison was toastmaster and Hubert Osborn of Leannsburg, president of the association, was general chairman.

Henry Brandes, secretary-treasurer, presented the financial report and Charles Flickinger, fieldman for the Producers Association, gave a detailed report of activities of the year.

This report showed that 5,297 sheep and lambs were handled during the sixteen pools which was more than the previous year. The average price of wool lambs was \$30.13 or \$26.52 per head. This was just eight cents under the previous year's price per head.

The clipped lambs averaged \$27.68 cwt. or \$25.23 per head as compared to \$25.81 last year. The average range in price of double blue wool lambs was \$28.00 to \$33.00 which during the previous year the range was \$29.00 to \$43.00 or a \$14.00 spread.

There were 192 consignors making 292 consignments, with a total value of \$135,322.

L. A. Kauffman of the Animal Science Department of Ohio State University gave a talk, tracing the history of the Delaware-Morrow sheep from eastern Ohio to the present type of sheep used in the market today. He stated that the sheep population hit the low

point in 1950 with 1 1/4 million head in Ohio or about 30 sheep per square mile, as compared to 2 1/4 million head in 1938. Eastern and southeastern Ohio has the denser population of sheep.

Kauffman complimented the Ashley Lamb Pool on its marketing operations and outlined a program to produce better sheep on the farm. These points included starting with good sheep and then selecting the high producers particularly of twin lambs. He stressed the point that farmers must produce the product that consumers want to buy. The use of good legume hay and pasture and grass silage was highly recommended as the way to feed sheep.

Directors elected for three year terms from Delaware County were: Henry Brandes and Frank Jackson, of Ashley; Hubert Osborn of Leannsburg; and Harley Scott of Delaware. From Morrow County, Selby Gompf of Mt. Giload, C. C. Hubbell of Centerburg; and Carl Walter of Cardington.

The new board of directors will meet soon to reorganize and plan the lamb pool schedule for 1952-53.

Arabia is believed by some authorities to be the original home of the Semitic peoples.

Letters From Our Readers

SEES NEED FOR PRAYER

I have been noticing advertisements of "Free Dawn Dances" held from 12:00 o'clock midnight to 3:00 a.m. or later on Sundays. Since we are allowed to express our views of various things in this column, I am expressing my views of this.

Sunday is the Lord's Day and I know that our Lord does not teach that anything like this is in order on His Day. In fact, our Lord does not put His stamp of approval on this at any time.

What we need instead of dances is more prayer meetings and

genuine repentance to God. If our country would turn to God and genuinely repent, God would hear our prayer. Save our land from the terrible things that are coming upon it. Christ is coming back to the earth soon. Will he find us watching? Or will we be separated from Him forever?

Two Million Persons Seek Federal Posts

WASHINGTON (UP)—About 2,000,000 persons, ranging from typists to funeral directors, asked for jobs with Uncle Sam last year. They applied through the U. S. Civil Service Commission. The commission is the world's largest employment agency—the hiring hall for the federal government. It is a gigantic job because the government employs more than 2,500,000 people in civil service, including almost every type of worker used by private industry.

In 1951 the commission gave more than 25,000 examinations for hundreds of types of federal positions and placed 578,539 workers who qualified—the largest number since World War II. Not all of them were new employees. Some were long-time government workers who got promotions or transfers.

Complete For Jobs

Responsible since 1883 for putting the best workers available into government jobs, the commission today selects 93 per cent of the employees hired by the executive branch of the government through competitive examinations or for "merit and high qualifications." The commission is plugging to get postmasters and internal revenue collectors under its jurisdiction.

Government employees are recruited and employed throughout the country. There are more federal workers in California—10.1 per cent of the total—than there are in Washington, D. C., where 10 per cent are located.

When government personnel is needed announcements of examinations are sent to all first and second class post offices to be posted on bulletin boards.

The names of applicants who rate 70 or above in an examination are filed in order of their scores in a CSC "eligible register." When an agency needs a new worker the commission sends the names of the three top scorers listed in the register and the agency chooses one.

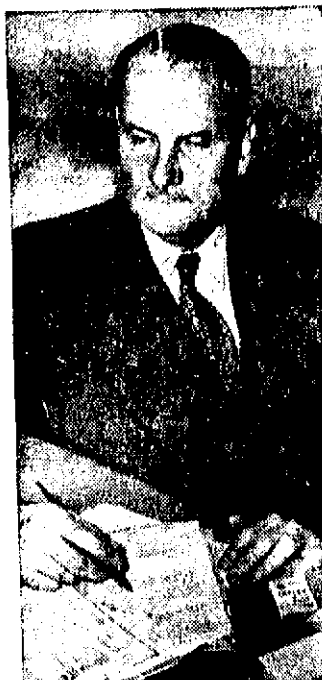

May Hire Directly

When workers are hard to find and the registers are empty, the CSC gives government agencies special permission to hire directly.

Since outbreak of the Korean War, the commission has had a shortage of typists, scientists and skilled technicians.

The commission gives a special examination once a year to "select the cream of the crop from among young men and women."

FOUND GUILTY. Former detective chief Michael Orecchio stands outside court in Hackensack, N. J., where he was found guilty of misconduct in office. He was accused of allowing handbooks and dice games to flourish in the seven communities under his jurisdiction. He will be sentenced May 21.

ENVOY TO ARGENTINA. Career diplomat Albert F. Nuffer, shown at his desk in Washington, is President Truman's nominee to be ambassador to Argentina. A New Yorker, Nuffer, 58, succeeds Ellsworth Bunker, named ambassador to Italy.

ROADS TO BE IMPROVED

ST. PAUL, Minn. (AP)—Minnesota counties are going to spend a record \$34,500,000 this year on secondary roads. State gasoline taxes will supply \$13,010,000 of the total and federal aid funds four million. The remainder will come from bond issues and county road and bridge levies.

THEY LIKE TELEPHONES

STORRS, Conn. (AP)—Telephone-wise, Connecticut farmers are better off than their contemporaries elsewhere in the nation. Officials report the 1950 census showed 13,081 farms had telephones, or 83.8 per cent. The state leads all others.

TOO OPTIMISTIC—\$10,000

HOWELL, Mich. (AP)—The sleeve of Harry Hoover's sheepskin coat caught fire as he was attending his furnace. He hung the coat up after he thought he had put the fire out. A short time later the house burned down with an estimated loss of \$10,000.

Upper Sandusky High Reports

Three Students Tie For Class Honors

Special to The Star
UPPER SANDUSKY — Tied for top scholastic honors, three straight "A" graduates of Upper Sandusky High School, Richard Hall, Marilyn Steck and William Wolfe, will be the student speakers for the 77th annual Commencement in the high school auditorium, at 8 p.m. on May 28.

The general theme of the trio of class orators will be, "Prospect of Can Be Permanent." Individual topics will be, "Prospect of Retrospect," by Miss Steck; "Challenge of Prosperity" by Wolfe; and "Rewards For The Challenge" by Hall.

Class president Richard Beldor will preside for the program and the presentation of the class of 89 graduates will be made by Harold Cope, High School Principal. Diplomas will be awarded by M. E. Bowen, President of the Board of Education.

The Commencement Address will be by the Rev. Larnan Sherwood of Rotterdam Junction, N. Y. Formerly pastor of the Methodist Church in Rotterdam Junction, Rev. Sherwood now travels more than 50,000 miles a year as a lecturer and guest preacher. Although blind since birth he has become noted as a humorist, philosopher and lecturer as well as an ordained minister.

Those who survive the written quiz are re-examined at a personal interview. Less than one out of seven of the 14,000 who took the test passed even the written part in 1950 and not one in 20 made the grade in 1949.

QUELL PRISON RIOT

MONTREAL (AP)—More than 200 police and guards searched Bordeaux jail today for butcher knives, razors and other weapons stolen by 570 rioting prisoners demanding better food and a new jail governor. Although the riot was quelled last night after five hours in which two prisoners and a guard were injured, a detective said it still was unsafe for guards to walk through the main blocks.

The City of Akron rose from shanties which housed Irish laborers during construction of the Ohio Canal.

THREE UPPER SANDUSKY High School students tied for first place in the graduating class, all with straight "A." They are, (left to right) William Wolfe, Marilyn Steck and Richard Hall.

His subject for the Commencement Address will be "The Challenge of Tomorrow."

Music for the program will be by the high school orchestra under the direction of Instructor Ralph Faulk. The exercises will be closed with benediction by the Rev. Paul Rohrbaugh, pastor of the local Trinity Evangelical and Reformed Church.

Baccalaureate services for the class will be at 8 p.m. May 18, in the high school auditorium, with the Rev. F. LeRoy Sarver, pastor of St. Paul Lutheran Church, as the speaker.

QUEEN ASKS A QUESTION

DETROIT, Mich. (AP)—Queen Juliana got an idea while watching the cars roll by on the Ford production line recently. "Why," she was reported to have asked Henry Ford II, "can't they paint all cars finished the same day in the same color—and a different color the next?" Said Ford, "I never thought of that."

YEMEN TO ISSUE CURRENCY

ADEN (AP)—The kingdom of the Yemen plans to issue its first currency in the near future, the newspaper Fattul Gazira reports. The new currency will be minted in Germany from melted-down Maria Theresa "dollars" which have been the legal currency. The new silver coinage will bear the image of King Ahmed of Yemen.

HEROIC CORPORAL. The roster of the nation's top-ranking heroes has been joined by Cpl. Jerry K. Crump, 19, of Charlotte, N. C. The Defense Department announced that Crump climaxed a series of heroic exploits in Korea by smothering an exploding enemy grenade with his body to save his nearby comrades. He miraculously survived and will be awarded the Medal of Honor.

About Ohio

Pioneer railroad of the west was the Toledo to Adrian, Mich., line, Oct. 3, 1836.

Construction of Ohio's canal system was authorized by the State Legislature on Feb. 4, 1825.

John Bennett, the author of Master Skylark was born in Chillicothe in 1865.

Laborers on the Ohio canals received eight to 10 dollars per month, with board and lodging.

There are no known copies of the Cadiz weekly newspaper, The Ohio Luminary, which was founded in 1818.

The Fredonian, a weekly newspaper founded in Chillicothe, Feb. 19, 1807, lasted less than three years.

The first regularly organized Grange was established by C. H. Kelley at Fredonia on April 18, 1868.

was made Monday night. Forrest said he was called out of a Council meeting when a report of the cutting was received by police.

Questioned today as to why news of the cutting was suppressed by the police department, Forrest said, "I know of no reason why the report was not made." He said he would investigate.

Questioned why the hospital did not make a report, he said he was not familiar with the practices there.

Hospital authorities said they did not report Leedom was in the hospital at the request of the family.

Mayor Harold F. Robinson when told of the death of Leedom was surprised. He said he, along with the police department thought the knife wounds were of a minor nature. He added, however, that he was surprised no report of the cutting had been made.

The mayor said he, Forrest, Walter Mathiot and two police officers visited the Leedom home Monday night after receiving a report of the cutting.

Leedom had been taken to the hospital by the time they arrived and Mrs. Leedom was questioned, he said. Mayor Robinson said Mrs. Leedom invited the police officers to "go ahead and arrest me," but would not say how her husband was wounded. She said she would be willing to go to police headquarters after taking the children to the home of her mother-in-law.

The mayor added that police refused to place her under arrest since her husband refused to press charges. The police department feared a false arrest suit, he said.

Your White House

By JANE EADS

WASHINGTON
IT'S YOUR HOUSE, Mr. and Mrs. America, and you're welcome to bring the family and look it over. Some of you will get engraved invitations, but most of you can just barge in anyway.

Every Tuesday through Saturday, from 10 a.m. to 12 noon, the east entrance of the White House is open again to the mansion's owners, the people of this nation, and to visitors from abroad as well. No cards of admission are necessary.

To be sure, you'll get no refreshments. And you'll be limited to the ground floor and the East Room, state parlors and state dining room on the first floor. There's hardly any chance you'll bump into the President or Mrs. Truman. But you'll get a chance to approve, or disapprove of the renovations which have kept you from visiting your house for four years.

Now that the President and First Lady are settled back in the mansion, there will be a resumption of a social schedule somewhat similar, if considerably simpler, to that maintained in pre-renovation years. Mrs. Truman has announced a series of official receptions to be held at 5 p.m. on various dates through May and June, winding up with a garden party for hospitalized veterans.

President and Mrs. Truman, standing in the Blue Room, will receive such groups as the diplomatic corps, the judiciary, the Army, Navy and Air Force, officials of the Treasury, Postoffice, Interior, Agriculture, Commerce and Labor Departments and other federal agencies, as well as the press and radio.

All of these will receive engraved invitations. Most will come through the East entrance, climb the marble staircase to the East Room and pass through the Green Room into the Blue Room to be received by Mr. and Mrs. Truman. Then they will move into the Red Room and on to the

Senators Quiz Nominee For Att'y General

WASHINGTON (AP)—Federal Judge James P. McGranery of Philadelphia assured senators today that if he is approved as attorney general he will "expose and prosecute" corruption in government wherever he finds it.

As for the Department of Justice itself, he said he would "weed out and fire any incompetent, disloyal or dishonest employee, no matter who he may be."

McGranery was nominated a month ago by President Truman to succeed Attorney General J. Howard McGrath. The nomination was sent to the Senate on the heels of McGrath's firing of Newbold Morris as the government's corruption sleuth and the President's announcement of McGrath's resignation.

Before he can take the cabinet post, McGranery must receive approval from the Senate.

JOURNAL ENDORSES TAFT

COLUMBUS (UP)—The Ohio State Journal, a Republican newspaper, today endorsed Sen. Robert A. Taft for President. The newspaper, one of the oldest Republican papers in the country, compared the issues raised by President Truman's seizure of the steel mills with the "grave, national crisis" the country faced when the Republican party was born 100 years ago when the issue was "human slavery and secession."

It Will Be in Demand When It's 10 Years Old!

Take a new Cadillac home with you—use it with common prudence and give it reasonable service and care—

—and ten years from today, there should be many, many people anxious to drive it and call it their own!

The soundness of this prediction is attested on used car lots throughout America. Every day, eager buyers are coming into possession of Cadillacs built before the war—and are doing so with pride and anticipation.

There are many and vital reasons for this enduring value of a Cadillac car.

First, of course, is quality. Through the years, Cadillac cars have been built to the highest standard it is practical to enforce in the production of a motor car.

The watchword, the goal and the inspiration of those who design and build for Cadillac are one and the same—*how good and how enduring can this car be made?*

Year in and year out, the search for improvement goes relentlessly ahead.

Small wonder that the car keeps its youth and its performance—far, far beyond the normal span.

And then there is its sound and enduring beauty. Cadillac styling is a development—with continuous improvement and refinement. Older Cadillacs, of course, are not to be mistaken for the current ones; but, regardless of age, they are still Cadillacs—and are distinguished and dignified in their own individual rights.

And then, of course, there is the wonderful Cadillac name—which never loses its significance, no matter how old the car which bears it. Year for year and age for age, a Cadillac is always aside and apart from other cars.

It is not unusual at all for a Cadillac to pass through four or five or even six different families—each one owning it with pride and driving it with pleasure.

Think of this when you buy your next car. If you get a Cadillac—there can be no doubt that others will be eager to own it when it has served you the normal span.

Why not come in—and see and drive this wonderful car? We'd be happy to welcome you any time.

Fruit Juice Gives Fine Flavor to Nut Bread

Dried fruit, apricots in this case, give this nut bread a flavor everyone will like. The delicate fruit flavor is extended by making use of part of the apricot liquid in the bread. Slice the bread thin for company sandwiches and spread with cream cheese, or use it as a breakfast bread.

If you're in a show-off spirit,

use extra apricot halves and nuts, for dressing up the top of the loaf. Place these on top of the loaf just before baking. This loaf, as with most quick breads, is easiest the second day.

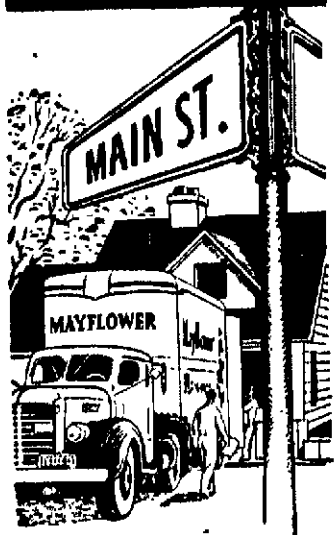

APRICOT NUT BREAD

1/2 cup sugar
2 T butter or margarine
1 egg, beaten
1 cup sour milk
2 T apricot juice
1 cup whole bran
1/2 cup chopped cooked apricots

2 cups sifted all-purpose flour
2 t baking powder
1/2 t soda
1/2 t salt

Cream together sugar and butter or margarine. Combine egg, milk and apricot juice; add to creamed mixture. Add whole bran, nuts, and apricots. Beat mixture well. Sift together dry ingredients, add and mix well. Put in greased 9-by-5-by-3-inch loaf pan and bake in moderate oven (350 F.) 1 hour. Yields 1 loaf.

Love Triumphant

By ADELE GARRISON

"Your plan suits me down to the bedrock beneath this building," Dicky said. "I've got a job up in the studio that I'd like to taper off, and your brain wave will give me just the time I want. You say Lil's coming into the living room anon?"

"Any minute," I said, and it was less than sixty seconds when the door from the corridor opened and Lillian came through it, apparently as poised and serene as is her usual attitude toward her daily routine.

"Hi there!" she intoned in merry salutation. "Talking secrets? I can blow again, if necessary." "Sit down," Dicky told her, "rest your feet—and your tongue if you can't think of anything better than that to spout. When my sapient spouse and I talk secrets, they are so weighty that we go into a sound-proof room, lock the doors and windows, get into bed, haul the covers over our heads and whisper whatever we have to say. So you never need worry about eavesdropping on us, either unintentionally—or, without the 'un'."

He gave her an infuriating leer as he finished, and she turned to me, ignoring him loftily. "As I often have reminded you, Madge," she said, "any time you wish to flit to Reno, I'll be right with you, ready to testify not only to mental cruelty, but to hopeless insanity. You'll have your decree in a matter of seconds."

"I'll remember," I told her, laughing. "See that you do," she said. "Now, remember something else I'm not your patient any longer. I'm up for the day, so you can go about your usual pursuits with no hampering thought of me. I'm on whatever job there be, with both feet."

She polished off her atrocious paraphrase with a gamin grin.

then put an insistent question. "Anything special on your mind?"

I did not glance at Dicky before I answered her. He already had given me the green light signal I had asked, and I knew that he realized, as I did that Lillian was herself again. Except, I told

myself dreading, for her obsession about preventing Marion's marriage to Ronald Brixton. I knew that she was still cherishing that, but there was nothing she could do about it before we went to the Brixton home, and on all other subjects, her brilliant and resourceful brain evidently was hitting on all six again.

"I ought to go down to Wheeler's I told her." The bill they sent me has several items which are not mine."

"Better check anything like that as soon as possible," she advised sagely. "Why can't you go this afternoon?"

"You're sure you want to stay up all the afternoon," I countered "and don't mind being left alone?" "Who's being left alone?" Dicky struck in. "What time do you want to start?"

"About half after two," I answered. "That just fits in," he said. "I've got some work to finish at the studio, but if I go up right

away, I'll be done before two-thirty. And you can throw your insane jealousy!" — he leered at me — "into the nearest wastebasket. Old Harry trusts me, if you don't. I'll be back down here at two-fifteen, and I'll tell Room Service to bring me up a light luncheon about one o'clock. You two can stuff yourselves with truffles and mushrooms. See if I care!"

"Bye now. Behave yourselves! I don't want to meet somebody from the Homicide Squad when I barge in again."

Seminary Enrollment Doubles

Church Work Attracting More of Nation's Youths

comes to deciding on a career, record numbers of American young people are making this choice: "religion."

Most church authorities aren't sure why.

"It's highly curious," said Dr. Hermann N. Morse, general secretary of the Presbyterian (U.S.A.) National Missions Board.

"We call this a secular age, and yet there's an interest in spiritual work among young people never apparent before."

Approximately 62,000 pre-ministerial students now are enrolled in seminaries and theological schools—nearly double the number in years during or before World War II.

Statistics indicate the number on the average is 18 per cent higher than it was two years ago.

"It's a strange, intangible thing," said Dr. Lynn Leavenworth, of the American Baptist Theological Education Department. "We shouldn't still be getting the post-war crop, but we're still getting more for some reason or other."

The situation was said to prevail not only among men going into the ministry. But among young women training as missionaries, church secretaries, teachers and social workers in church centers.

Most church leaders, in trying to assess reasons for the present development, a peak of three things:

1. The gravity of the world situation.
2. Revitalized church recruitment programs and evangelism.
3. The keen demand for ministers to fill empty pulpits.

Tunnel Constructed For New Marion Sewer Line

Marion has a full-fledged tunnel project under way at the present time. The tunnel is being dug for the new Niles St. interceptor sewer line.

It is the first municipal sewer to be built since 1922 when the sewer was built for the present sewage disposal plant.

The present tunnel job is being built from Niles and Silver Sts. to Center and Cayuga Sts. For

much of the distance it has been dug through limestone rock. The Niles St. interceptor is designed to take sewage from the Silver St. storm water sewer and carry it to the W. Center St. sanitary sewer.

Plumley Is Contractor
The sewer and tunnel are being constructed by the Plumley Trucking and Excavating Contractors.

City Engineer Cathers reported the contract called for open ditch construction, with only a short section to be tunneled under the railway yards west of Kenton Ave. However, it was later decided more expedient to tunnel most of the rest of the way, Cathers said, rather than dig up streets.

The only hitch in the tunnel project came when a blast of dynamite disturbed heat measuring instruments at the American Malleable Casting Co. plant at 740 W. Center St. Subsequent charges were cut down so the work proceeded but at a slower pace.

Costs \$110,000.

The estimated cost of the project is \$110,000. Marion had a similar tunnel project in 1942 when the U.S. Army Corps of Engineers built a sewer from Center St. north to the Scioto Ordnance Area. A large part of that sewer was laid in a tunnel, but the city had no part in the project. The entire cost of the construction was borne by the federal government.

Society Contributes To Indian Worker

When the Missionary Society of First Church of the Nazarene met Wednesday night at the church members voted to give toward support of a native worker in India for the first time. Half of the amount of \$240 was pledged by Merle Young who presented the matter with the society to provide the remainder of the sum. The opening song service was led by Howard Orr with Miss Colleen Wooten at the piano. Mrs. Floyd Webb led devotions. Prayers were by Mrs. David Jackson, Mrs. John Roth, the pastor, the Rev. C. L. Wooten, and Harry Connolly. The lesson study on "Education for the Children" from the series on the five Latin American countries where the Church of the Nazarene has missions, was presented by Mrs. C. W. Shearer. Mrs. C. L. Wooten gave a talk on membership, telling of 25 new members. A talk

on prayer and fasting was given by Mrs. Bessie Shearer. George Grace sang a solo, and closing prayer was by Miss Helen Bishop.

FALSE TEETH

That Loosen Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just apply a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Ice Show Opens Four-Night Stand at Coliseum Tonight

From the time Maestro Milton Blakely gives the downbeat for the overture until the finale, a brand new ice show will unfold at the Veteran's Memorial Coliseum tonight when the Ice Vogues of 1952 begins the opening performance of a four-day engagement. The show will remain through Thursday with performances nightly at 8:30.

The big company arrived in Marion Sunday from Cedar Rapids, Iowa. This city is among the first to see the show since it returned from a tour of the leading capital cities of Europe. After commitments in this country, the troupe will take off for Mexico City and South America. The Ice Vogues which showed here last year is now showing south of the border.

The cast of 84 will present some

two dozen numbers. Stars are Tony LeMac and Donna Jeanne, "Sweethearts of the Ice" who were stars of another Ice Vogues show here; Suzanne and Tommy LaVonne; Kay Farrell, European juggler; Bill Wallenborn, comedian; the "Ice Squires" and "Glamour Icers," precision dancing sections; comedians Fred Holly and George Simpson; Jack Rose who plays "Mr. Bones" in a minstrel number; James Caesar, speed skater; Bobby Blake, "King of Swing" and many others.

Sponsored by Woman's Board

The first night's show is being sponsored by the Woman's Board of City Hospital.

The show will open with a minstrel number featuring the "Glamour Icers" and "Ice Squires" and a solo number by Jack Rose. Speed stylists Jean Sakovitch and John La Due are next featured and then Rose comes back for a number with the "Icers." The Perky twins from Holland then appear in an exhibition of precision skating, "D'Lovely Dutch Duo."

Comedian Bill Wallenborn will

impersonate "The Absent Minded Professor" on the ice. One of the gayest spots on the program will be "Candyland" with the Peppermint Soldiers and The Lolly-Pops. Then there's the "Apache" dance with Suzanne and Tommy La Vonne, returning from last year's show. Soft Shoe Rhythms will be interpreted by eight members of the cast.

Doc Carlin, Fred Holly and Tommy La Vonne will appear in a ballet trio. Bobby Blake and Anne Schmidt are cast in an Oriental interlude in "Persian Escapade." A shoot-em-up cowboy entry, "Cowboy Capers," stars Jean Sakovitch and the "Ice Squires."

Kay Farrell, juggling in "The Inter-National Juggler" and Donna Jeanne as the rare white peacock in "Winged Rhapsody" present the two final entries before intermission.

Second Half

The "Glamour Icers" and "Ice Squires" turn out to be comely squaws in "Red Hot Redskins," first selection of the second portion of the program. Thrill artist James Caesar brings excitement into the show as an "Indian Brave."

Joan Vivian is the little girl from the well loved "Wizard of Oz" in the version of the story. She will be accompanied by Bruce Morse, Scarecrow; Jack

SWEETHEARTS OF THE ICE Donna Jeanne and Tony LeMac are returning as featured blade stars in the new Ice Vogues of 1952 which opens a four-night stand at the Coliseum tonight at 8:30. The colorful show will play here through Thursday night.

Congressman To Check On Delaware Dam

Special to The Star

DELAWARE — Rep. J. Harry McGregor (R., West Lafayette) is making a personal checkup today of complaints about operation of the Delaware Dam.

He was scheduled to arrive this morning to talk to the dam tender there and inspect records showing the levels of the pool behind the dam for various periods in the past year.

He is also to confer with George Shaw, president of the Delaware Fish and Game Club, about complaints of fish killing in the release of water by opening flood gates.

He also expects to go to Columbus to talk with officials of the state department of natural resources to check into the question of leasing back land behind the dam to farmers for crops.

Frank Pace, under secretary of war, has refused to allow such leasing on grounds that the state already is a party to use of the

ground through its wildlife and conservation program and that further use would be a "third party" deal.

If you want to puree fruits and vegetables use a sieve or a food mill rather than a strainer. A sieve has its wire mesh supported by crosswires and so is strong enough to stand having food forced through it; a strainer is not reinforced in this way and if foods are forced through it, the wire mesh is likely to pull away from the frame.

Many Visit Flower Show

Colorful Exhibits Displayed Two Days

More than 1,000 persons visited the flower show sponsored by the Marion Garden Club Saturday and Sunday in the showroom of the Lincoln-Mercury Co. on S. Main St. Many of the visitors were members of garden clubs and persons interested in flowers from cities and adjoining counties.

Exhibits were colorful and there were many unusual flower arrangements. Providing a setting for the show were arrangements of flowering shrubs and trees interspersed with bright cages containing singing birds.

Throughout Saturday afternoon and evening and Sunday music was furnished by an instrument string quartet composed of Miss Wilma Goebel and Miss Barbara Wolfe, violinists, John Gantt, violist and Miss Pauline Wooten, pianist.

Winners in the various displays will be announced later this week, the sponsors state.

Marion Man Suffers Wound

Floyd Keuchler, 28, of 696 Hocking St. was accidentally shot in the right foot early Sunday at his home.

Keuchler told authorities he was looking over a revolver when it accidentally discharged and shot him in the foot. The accident occurred at about 1:30 a.m. Sunday.

He was taken to City Hospital by a neighbor where he was reported in "good" condition today. The shooting was reported to police at 2:09 a.m. Sunday.

ACTIVE, THINKING PEOPLE ARE VOTING FOR

X GEORGE V. WOODLING

REPUBLICAN CANDIDATE FOR LIEUTENANT-GOVERNOR

- 1. HERE'S WHY!**
George Woodling has real insight and understanding of the everyday problems of the farmer. He grew up on a farm and, with his brothers, worked the farm.
- 2. HERE'S WHY!**
Woodling is the only candidate who has made a combined success of law, engineering and business—having worked his way through Purdue Engineering School and Western Reserve Law School. He is engaged in the practice of patent law and is president and founder of an engineering-manufacturing company. Woodling made good in the competitive world before he entered politics and is a living answer to the often asked question "Why don't more engineers and business men get into politics?"
- 3. HERE'S WHY!**
Woodling knows what the wage earners problems are—having worked with his hands for Westinghouse Electric Company and the New York Central Railroad.
- 4. HERE'S WHY!**
Woodling will help the Governor to drive out gambling and racketeering, and stand as a steady fortress against corruption entering our government in Ohio.
- 5. HERE'S WHY!**
Woodling is the ONLY Republican candidate for Lieutenant Governor who has served in the State Legislature. The Lieutenant Governor presides over the State Senate and previous legislative experience is essential.
- 6. HERE'S WHY!**
Woodling is now and has been a regular Republican and Precinct Committeeman in Cuyahoga County for years.
- 7. HERE'S WHY!**
Woodling has been active in Civic Progress and Education; he has devoted time to serving Pean College as Trustee and the Methodist Church as Men's Club president, Sunday School teacher, and part president and trustee of the Methodist Union of Greater Cleveland; he is a Board Member of Goodwill Industries and of March of Dimes in Cuyahoga County.
- 8. HERE'S WHY!**
Woodling is a home owner in Rocky River and has two young sons in public schools. He has experienced the problems of parents.

HEARD ON THIS BEAT:

A Hollywood actor now starring in a Broadway revival is being investigated by the Justice Department to determine whether he perjured himself in denying he was a member of the Communist Party. Well, this is to report that, member or not, he loved to spout fiery praise of Communism to his glamorous friends. Not too long ago he was in the same city with another star, also putting in one of those personal appearances "on the road."

The lefty movie player, known across the world to movie audiences as a tough slugger, prize

fighter, sailor and general he-man, called his friend and soon they were gabbing. The politically hopped-up actor started to sell Communism to the other—who complained.

"Look, chum, I'm a comedian. I like to make people laugh. I don't like your kind of politics. But tell me one thing. You make \$7,000 a week. After your agent's fee you get \$6,300. I think that any American can live on \$300 comfortably, eh?"

Now tell me, that would leave you \$6,000 a week. You believe in sharing? Why don't you distribute the \$6,000 to the electricians, the

By Victor Riesel

stage hands, the make-up women, all those who help turn out your pictures. Look how happy you would make them by distributing your wealth."

The glamor boy got up in horror, and put on his \$200 topcoat.

"The trouble with you, Jack," he said, "is that you just don't understand Communism. It doesn't work that way."

Not when it's your \$6,000, eh, chum?

PRESIDENT TRUMAN now is considering going into Wisconsin to participate personally in the campaign to defeat Sen. McCarthy. In a White House talk the other day, CIO's political chief Jack Koff asked him to do this and offered the President the platform at a union rally on Labor Day in Milwaukee. Mr. Truman liked the idea.

AFTER THE STEEL crisis evaporates, the White House will really find the arms program about to be jolted by labor disputes in the industries which feed the big aircraft and jet engine plants—aluminum, electronics and copper mining and smelting. And further down below the whole labor network in seething. Although the Wage Stabilization Board has been handling some 5,000 wage increase cases a month since January, there are still 13,000 cases awaiting action.

This nation just cannot defend itself abroad and take a copper strike at home in the next 90 days, from the pro-Communist Mine, Mill and Smelter Workers Union. Our stock piles of this vital metal have been eaten into because leftist copper miners in Chile's Cuzcumbala and Potrerillos mines are defying their country's president and their own unions—and are depriving us of thousands of tons of utterly essential copper by continuing their wildcat strike. Who's leading them? Why are they slash-

ADMITTING SETTING FIRES. Nelson Letts (above), 15, told police in Chicago, May 3, he set a series of fires which killed two men, including his father, Police Capt. Walter Storms said. Nelson told of setting the fires in the south side area May 2 and May 3. The boy's father, Kenton, was suffocated in one of the fires, which took place at the Letts home.

ing our major source of foreign copper—without which we get no aircraft or aviation gasoline? . . .

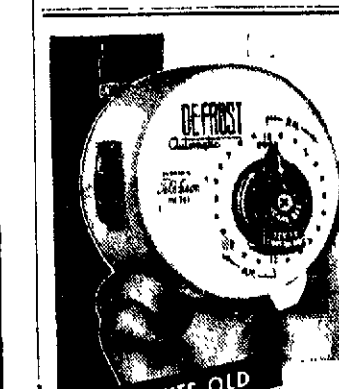

WITHIN A FEW weeks, some Republican leaders, whose investigations have familiarized them with the latest gang operations across the country, plan to charge that some federal district attorneys have been keeping the lid on grand jury probes of racketeering—especially inside labor—a and have just refused to parade informed witnesses before these juries which were created by Howard McGrath. The Democrats know this and will try to get some indictments shortly.

SUCH AFL LEADERS as National Secretary George Meany have intimate contacts with the Democratic Party and this is how they see the Presidential race in that organization: They believe that the odds are for a ticket of Alben Barkley (or Sam Rayburn) and Sen. Russell. They don't believe Estes Kefauver will go past the first ballot.

Then, they believe, the "left wing" of the party will knock itself out fighting for Averell Harriman (who they think is a poor campaigner), Stevenson, McMahon and Humphrey. At this point the big city machines will swing to Barkley or Rayburn. The AFL will absolutely not oppose Sen. Russell for the second place spot. The CIO will . . .

Incidentally, no one yet knows what CIO policy actually will be. That is completely in Philip Murray's hands. He will be at the Democratic convention as a delegate from Pennsylvania and will personally guide CIO strategy. But this is certain, the CIO Political Action Committee will stay in the background in this campaign—contenting itself with providing "canned" television shows, research and money to its regional unions. This change in strategy is a result of the criticism it took when it campaigned publicly and deluged Ohio with anti-Taft literature during that state's 1950 Senatorial campaign.

charges. And with the new ultra-high frequency transmitter's requiring 1,200 to 2,000-foot structures towering over hundreds of cities, the situation will get worse.

This union of commercial pilots "views with alarm the increasing number of TV towers." One pilot spokesman flatly states that these "needles" near airports "will seriously affect the safety and efficient operation of present and future air transportation."

So the union is supporting the aviation industry's recommendations for an amendment to the Communications Act giving the FCC authority to deny applications to those TV stations whose antenna sites and heights are found to be air hazards. The pilots would require all TV spires to be built in sections of cities already considered air hazards. They want the height of TV towers limited and a radio warning device installed at each antenna device. The fliers also call for national standards for all CAA regions when considering TV tower applications and the requirement that programs be transmitted through booster stations, making high towers unnecessary.

Five Inducted As Shriners

Marion Men Join Alladdin Temple

Five Marion County men were inducted as members of the Shriners when Aladdin Temple of Columbus held its annual spring ceremonial Saturday at the state fairgrounds coliseum, Columbus. A large group of Marion Shriners attended the meeting.

The five candidates, Harry Hammond, Ted Mitchell, Larry Ranier, Lowell Douce and Ronald Scherer, were given special pre-initiation instruction when the Marion Shrine Club held a breakfast meeting Saturday at Turoff's Restaurant. It was arranged by Chris and James Turoff, members of the club. Thirty-five members were present. Accordion selections during the affair were presented by Mrs. Goldie Swope.

Green Camp Graduation Set May 13

Seven Seniors To Win Diplomas At Commencement

Green Camp—Seven seniors of Green Camp High school will receive diplomas in commencement exercises May 13 at 8 p.m. in the township hall. The local school will be the first in Marion County this year to hold graduating exercises.

The address will be delivered by

Tennyson Guyer, personnel director of the Cooper Tire and Rubber Co., Findlay, O. The procession and recessional will be played by Norma Cleland. The Rev. L. R. Kennard, Methodist pastor, will give the invocation. This will be followed by a vocal solo by Mary Eleanor Ruth.

The class salutatorian is Joyce Bentley and the valedictorian Miss Ruth. James Schultz will offer the student prayer. Miss Bentley will sing. Norman C. Roettger, supervising principal, will present the class and diplomas will be handed out by Milton S. Ruth, president of the board of education. The Rev. A. H. Nothstine, Baptist pastor, will pronounce the benediction.

Baccalaureate services will be May 11 at 8 p.m. in the Methodist church. Miss Cleland will play

"Pomp and Circumstance." The Rev. Mr. Nothstine will give the invocation. The mixed chorus will sing "My Task," to be followed by the Scripture reading and the girls trio will offer "O Lord Most Holy." The Rev. Eugene T. Hanzel, pastor of the Emanuel Evangelical and Reformed Church, will deliver the class sermon. The mixed chorus will sing "Abide With Me." The Rev. Mr. Kennard will give the benediction.

Members of the class are Joyce Ann Bentley, James Robert Denison, Donald Herbert Kempton, Ronald Eugene Lindley, Mary Eleanor Ruth, Jimmy Nelson Schultz and George Sorrelles. The white carnation is the class flower and blue and white the colors, and the motto "Onward Is Our Aim."

Class Pledges \$100 To Building Fund

The Loyalty Bible Class of Forest Lawn Presbyterian Church made a pledge of \$100 toward the church building fund at its meeting Thursday afternoon at the home of Mrs. F. E. Kline, 160 Kenmore Ave. Mrs. K. P. Riley, president, presided for the meeting.

Mrs. Charles Lamb conducted devotions, and a Bible study was led by Mrs. Ralph Clutter, Miss Elma Church and Mrs. Emmett Burnett.

The program, in charge of Mrs. H. E. Winters, included a memorial service for Mrs. Mae Parshall, a member who died recently, conducted by Mrs. C. C. Metz, reading in keeping with Mother's Day given by Mrs. Homer Harpence, and contests with honors going to Mrs. Metz and Mrs. Agnes Starnes. A picnic in June at Garfield Park will close the year's activities.

Few Applications Filed

Commercial Building Slow Despite Federal Action To Lift Controls

WASHINGTON (INS)—The government's decision six weeks ago to relax the ban on commercial construction projects, office buildings, stores and banks is producing disappointing results.

After winning a hard-fought battle for removal of the ban, the nation's builders are showing a puzzling lack of interest in filing applications for the projects.

The National Production Authority reports that only 600 requests—worth about 700 million dollars—are pending before the agency. But half of these involve so-called amusement, recreational and entertainment projects which are still on the prohibited list.

NPA already has cleared the way for work to begin on 2,000 commercial structures between now and this summer. These applications have been on file for many months.

Officials say they expected a big influx of building requests when Production Chief Marly Fleischmann announced March 17 the ban was being eased. He advised builders to begin filing for licenses as soon as possible.

Instead, the reverse has happened. During the first two weeks of the relaxation there was an upsurge in applications. Officials say they have now tapered off and there is no sign they will increase in the near future.

THE STEEL WAGE dispute could be partly responsible for builders' reluctance to plan new commercial projects but most officials say other important factors include financing problems, the general lull in business activity and high federal taxes.

Moreover, business firms planning new buildings a few months ago may not need the projects now because an existing structure was used as a substitute or the demand is no longer as great as it was.

One official says "This is probably a temporary situation. Business concerns probably are deferring their projects because of the turmoil in the economy. In any event, 1952 still will be a good building year although commercial construction will be down a little from 1951."

The steel dispute has also upset NPA's decontrol plans. Relaxation of the ban on 47 types of amusement projects was ready to be issued when the strike was called. This left the agency no choice but to hold up the order pending further developments.

THE HHFA REPORTS

work has started on 20 per cent of the 65,565 apartments and houses programmed in 114 critical defense areas.

HHFA says 1,066 dwellings have been completed as of April 16 and officials predict the rate of completions will increase substantially in the coming weeks.

Out of 158 areas, the agency says 12,618 housing units have been started, but in 44 defense communities no progress has been reported to date. HHFA says construction had increased 25 per cent between February and April.

NEW SHORTAGE PROBLEMS

Involving copper and furnaces are shaping up for the nation's home builders.

Production officials say the government may order "sharp curtailment" in supplies of copper going to civilian industry as a result of strikes in this country and Chile.

So far this year, NPA estimates the nation has been short 60,000 tons of refined copper. If the copper industry strikes continue for even one month the nation will lose another 30,000 tons of the metal.

Since copper is one of the scarcest metals in the nation, officials say they may have to cut in the near future.

back drastically the amounts allotted for manufacture of plumbing goods, electrical wire and other articles.

In another development, manufacturers of warm air heating units say the heavy volume of construction anticipated for this year plus inadequate supplies of aluminum and nickel-bearing stainless steel could result in shortages of their products this year.

Furnace producers told NPA "If, as is generally expected, 950,000 to one million new homes are started this year, a shortage of furnaces may develop because manufacturers' allotments of steel and other controlled materials are too small to permit their making the necessary number of units."

Although widely grown in the Western Hemisphere, coffee is a native of the Old World.

Soviet Law Allows Poles Own Farms

LONDON (UP) — The draft of the new Polish constitution gives Polish citizens only one right which Soviet citizens do not have—the right to own individual farms.

In every other important matter the provisions of the new constitution are identical with that of the Soviet constitution of 1936.

According to the text of the draft published in Pravda, the newspaper of the Soviet Communist party, "the Polish People's Republic protects individual farms of working peasants and gives them help to avoid capitalist exploitation, aiming at increasing their production and well-being."

An emphatic indication of the real position of individual farmers as compared to those who have joined collective or co-operative farms is given in the next paragraph dealing with agriculture:

"The Polish People's Republic gives special support and every kind of help to agricultural production co-operatives established on a voluntary basis as a form of collective economic enterprises."

The other rights of Polish citizens are to be exactly the same as those promised to Soviet citizens.

With Reservations

They will have "freedom of speech, freedom of the press, freedom of assembly and mass meetings, freedom of street processions and demonstrations," but only approved workers' organizations are allowed to run printing plants, radio stations and newspapers.

The citizens are guaranteed "inviolability of person and of the home," as well as the right to work, to rest, to receive assistance when unable to work, and the right to education.

Freedom of conscience and religion is also guaranteed, but the constitution threatens with punishment those who "abuse this freedom for the purpose of endangering the interests of the Polish Republic."

Supreme power in the republic is to be vested in the Sejm (parliament) but there is no provision for representation in this body of any opposition parties. When the Sejm is not sitting, the country is to be governed by a council of state having the prerogatives of the Presidium of the Supreme Soviet of the USSR.

Asylum Offered

In the same way as the Soviet

"CRITICAL BLOW." House curbs on military spending strike a "possible critical blow" to the nation's security and its ability to maintain troops in Europe and Korea, the Senate military committee was told by Defense Secretary Robert Lovett, who is shown leaving the hearing in Washington.

constitution, the new Polish constitution undertakes to "grant the right of asylum to foreign citizens persecuted for defending the interests of the working class, or for their scientific activities or for their struggle for national liberation."

2 OUT OF 3 AMERICANS SHOULD NOT CELEBRATE THE 4th OF JULY

JULY 4th IS THE ANNIVERSARY OF OUR
AMERICAN DECLARATION OF INDEPENDENCE —
WHICH DECLARED THAT GOD-GIVEN INDIVIDUAL
RIGHTS SHOULD LIMIT WHAT GOVERNMENT MAY DO.

FOR THE FIRST TIME IN ALL HISTORY,
PEOPLE WERE FREE AND
INDEPENDENT FROM THE
POWER OF GOVERNMENT!

BUT, IN A RECENT SURVEY, 2 OUT OF 3 AMERICANS
FAVORED GOVERNMENT MEASURES WHICH FELL WITHIN
THEIR OWN DEFINITION OF SOCIALISM.
SOCIALISM DEPRIVES PEOPLE OF THEIR INDEPENDENCE

TODAY,
INSTEAD OF BEING INDEPENDENT FROM GOVERNMENT POWER,
MILLIONS OF AMERICANS ARE NOW DEPENDENT ON GOVERNMENT

- Exclusive of the armed forces, over 17 million people now depend on government for all or part of their living — they receive regular checks from the government, paid for by the taxes of others.
- Many farmers and business men depend on government for subsidies and loans — made possible by the taxes of others.
- The American people now depend on government to maintain full employment.
- Wage earners depend on government to fix the hours and conditions of their employment.
- The success or failure of banks and financial institutions depends on government's monetary policies.
- Export trade largely depends on government's various economic and military aid programs.
- Housing industry largely depends on government for financing — made possible by the taxes of other people.
- Through TVA and similar government projects, whole areas of the nation depend on government.
- Two and one-half million federal employees depend on government for their living — their salaries are paid by the taxes of all American citizens.

Smith Saves Both Games As Redlegs Move Into Second

Reds Stagger But Whip Phillies Twice, 5-4, 8-7

By The Associated Press

The Cincinnati Reds coupled a twin win over the Philadelphia Phillies with a Chicago Cub defeat to climb into third place in the National League standings Sunday. The Cubs were beaten 6-3 by the New York Giants.

The Reds were staggering at the finish of both games but managed to hang on for a 5-4 win in the opener and an 8-7 verdict in the nightcap. Both wins came as the result of brilliant relief pitching by Frank Smith.

In the opener he came in in the ninth inning when Horne Wehmeier placed the tying and winning runs on base. Smith fanned Del Ennis to end the game. He saved the nightcap for Harry Perkowski by getting Ennis to end the eighth and then retiring the side in order in the ninth.

The Reds clubbed Curt Simmons out of the box in the first game to hand the Philie southpaw, recently discharged from the Army, his first defeat. Howard Fox, who pitched for Cincinnati last year, was charged with the second loss. Home runs by Ted Kluszewski, Hank Edwards and Roy McMillan paced the Redlegs attack in the second game.

Giants Rally

The league leading Giants pushed across three runs in the 10th inning to down the Chicago Cubs, 6-3. Hoyt Wilhelm, rookie knuckleballer, notched his third victory in relief to steer the Giants to their sixth straight win and their tenth in the last eleven starts. The Giants' winning rally included doubles by Hank Thompson and Rookie Davey Williams, and a Chicago error.

Gerry Staley posted his fifth win of the season for the St. Louis Cardinals to whip the Braves, 4-3. Boston came back to take the nightcap, 5-1, as Max Surkont recorded his first win of the season. The Boston win was clinched in the ninth inning by successive homers by Rookie Ed Mathews and Sam Jethroe. Mathews also hit for the eirent in the opener.

Brooklyn remained a half game out of first place with a 6-0 win over hapless Pittsburgh. Jackie Robinson and Andy Patko blasted home runs for the Dodgers as Carl Erskine was blanking the Bucs on five hits. Robinson's homer, a line drive into the left field bullpen, kayped Murray Dickson, Pirate starter.

Achie Wilson and Jackie Jensen, obtained by the Washington Senators from the New York Yankees Saturday, belted out nine hits between them to lead the Nats to a twin win over the St. Louis Browns, 2-1, and 15-7. The double loss ran the Browns' losing streak to four games. Wilson scored both runs as Tom Porterfield edged the Browns' Bobby Byrne in the opener. Tom Portrick was the winner in the nightcap with the loss being charged to Satchel Paige.

Yanks Win Two

The Yankees swept a double header from Chicago's White Sox, 8-0, and 3-1, to pull themselves up to the .500 mark. Chisox manager Paul Richards was ejected in the fourth inning of the opener along with Pitcher Saul Rogovin following an argument with Umpire Charlie Berry. Tom Morgan and Joe Osovski collaborated to hurl shutout ball in the opener while Bill Miller, rookie southpaw up from Syracuse, allowed seven Chicago hits in posting his first major league win.

The Philadelphia Athletics ran their win streak to five in a row with a sweep of a twinbill from Detroit. The A's varied the Tigers, 10-6, in the opener and 6-5 in the nightcap. Hank Mareska singled home Elmer Valo in the ninth inning with the winning run in the nightcap.

Eddie Joost belted two home

runs, both with the bases empty, to help Bobbie Shantz post his third win in the opener. Vugil Trucks was charged with the opening loss. In the nightcap, Carl Schels received credit for the win while Dizzy Trout, took the loss.

OH SAA Places Two Schools On Probation

Newt Oliver Listed In Charge; Result Of February Disorder

COLUMBUS (AP)—The Ohio High School Athletic Association today put Steubenville and Wells-ville High Schools on probation because of a disorder after a basketball game last February.

The association said Steubenville will be on probation for the entire 1952-1953 school year because of alleged unsportsmanlike conduct on the parts of spectators, coach and one unidentified player.

Wellsville's probationary period will continue from the start of the next school year through the basketball season because of alleged unsportsmanlike conduct of Coach Newt Oliver and one player.

Pleasant Wins Track Meet

Pleasant High School won the first Marion—Morrow County track meet Saturday at Prospect. The Pleasant crew totaled 59 7/10 points to lead the field of schools from both counties.

Johnville finished second with 57 1/5 and Morrow came in third with 55 1/2. Martel placed fourth and Claridon was fifth.

John Craycraft of Morrow was high scorer of the meet with 19 1/2 points. Dale Kinsell of Pleasant garnered 18 along with Baker of Johnville. Ron Craycraft of Morrow collected 15.

The meet, planned as an annual affair, served as a warmup for the Marion County meet set for Friday at Prospect.

3,000 See Stock Cars Open Racing Season at Speedway

A crowd of 3,000 stock car racing fans watched the opening of the 1952 racing season Sunday at the Marion Speedway. Forty drivers, racing under auspices of the Marion Stock Car Racing Association, competed for the opening day purses.

Paul Hooper, of Marion, 1951 champion, showed he had lost none of the championship form, as he won the 25-lap feature event.

Bill Kromer, of Marion, finished in second place, while Ken Stuckey of Tiffin took third position.

Kromer, driving a new car this season, gave the fans quite a few thrills when he won the "figure-eight" race. He also had the best time of the day in the time trials with a 25.20.

The two winners of the "suicide" race were Dick Grice and Ted Rambo, both of Marion. This race originated at the Marion Speedway, features two races on the track at the same time.

Winners of the elimination heats were Dick Grice, Dude

Grice and Ted Rambo, all of Marion, and Chet Johnson of Prospect.

Next Sunday, officials of the Marion Speedway expect about 60 cars and drivers on hand for second racing session at the Marion Speedway Time trials begin at 12:30, with the first race scheduled to go promptly at 2:30.

Y Softball Leagues Open Play Tonight

Three Games Set In Church Loop; Others See Action This Week

The 1952 softball season gets under way tonight when the YMCA Church League swings into action at Garfield Park at 6:15.

The Commercial League opens Tuesday night, the Industrial No. 2 Loop opens Wednesday and the Industrial No. 1 lifts the lid Thursday. All four leagues will again operate under sponsorship of the Marion Recreational Softball Commission.

Tonight's card will be opened when the Irish of St. Mary meets Wesley at 6:15. Epworth and Greenwood will tangle at 7:30 and the Church of the Brethren will take on Trinity in the finale at 8:45. For the first time in several years, the Church League will operate with less than eight squads.

Only six teams will compete in the loop this season. The two industrial and the Commercial League are again at their full eight-team strength.

Harold Smith, president of the Softball Commission, today said that all players in all four leagues should be prepared to play on Friday nights during the campaign.

In the event that any series is rained out or postponed during the week, a make-up session will be scheduled for Friday nights at the same fields and at the same times.

Miami, Fla. Sports Editor Visits Marion

Bob Elliott of Miami, Fla., executive sports editor of the Miami Herald, arrived Sunday for a week's visit at the home of his parents, Mr. and Mrs. Harry S. Elliott, 264 S. State St. He came to Marion after a week at Louisville, Ky., where he reported the Kentucky Derby and its preliminary races for the Herald.

Mr. Elliott started work as a sports writer and editor with The Marion Star following his graduation from Harding High School in 1928.

Townsend Club Council Meets at Kenton

A dinner was served at noon at a recent meeting of the Eighth District Townsend Club Council in Kenton. District President Samuel Chegwyn of Kenton conducted the meeting, which was attended by 50 persons.

Guest speaker was A. J. Brooks of Piqua, a member of the state council. Talks were also given by members representing Piqua, Upper Sandusky, Fostoria, Findlay, Toledo and Marion.

Attending from Marion were Mr. and Mrs. R. V. Roller, Mrs. Eva Parish, Mrs. Della Sharpe, Mrs. Priscilla Connell, Mrs. Elvabeth Houser, and Mr. and Mrs. Joseph Gonzales and daughter, Linnea.

The next district meeting will be held at the Harrison Smith Park in Upper Sandusky May 18. A picnic dinner will be served.

DIAMOND KINGS. New Bloomington High School's Marion County baseball champions are shown above. They are, front row, left to right, Dwight Harruff, James Boblenz, Charles Snare, Ronald Peart, Bob Moore, and Junior DeWeese. Second row, Douglas Tron, John James, Jim Moury, Bob Schwaderer, Dave Johnson, Dick Boblenz, Bill Persinger and Coach Harry Alexander.

The team was edged by Monroe, 10-9, in its initial appearance in the Central District Class B tournament at Columbus Friday. Prior to that loss, the county champions had rolled to a 10-1 record. Their only loss was a 2-1 verdict to Sycamore. They had belted Edison, 6-2, Green Camp, 7-3, Waldo, 15-2, Iberia, 9-2, Pleasant, 16-3, Morral, 15-4, Prospect, 6-0, Edison, 12-3, Radnor, 7-0, and Magnetic Springs, 25-6.

Jones Gets First Win

Indians Erase Deficit To Whip Red Sox, 9-6

BOSTON (INS)—The Cleveland Indians have taken on a new war cry "When in Boston, do as the Red Sox do."

In the first invasion of Fenway Park Sunday the Redskins adopted a familiar Red Sox "at home" habit of coming from behind in the late innings when they erased a 6-2 deficit to win, 9-6.

The victory was sweet to the Indians who came from behind twice in Washington on Saturday only to be squeezed out by the Nats in the ninth inning, 7-6. The Tribe used 23 players in that heartbreaker to tie an American League record.

The Cleveland hitters gave their partisans plenty to cheer about as they rallied under pressure and came up with a five-run seventh inning after the pitching fell short.

Wynn Chased

Starting Uitcher Early Wynn was retired in the third inning when he served a home run ball to Red Sox Rookie Faye Thorneberry with the bases loaded. Earlier in the frame Dom DiMaggio scored on a wild pitch.

Ray Boone, batting in the clean-up slot, was the batting hero for the Indians with a triple and two singles in three official times at bat.

Al Rosen and Harry Simpson garnered two hits apiece, all of which figured in the scoring. Rosen's double in the third stanza gave the Tribe, and Wynn, a 2-1 lead.

In the almost-disastrous Red Sox half of the third, Boston Pitcher Maury McDermott opened the attack with a triple but was erased at home plate on Rookie Jim Pier-sall's grounder. Walks to DiMaggio, Stephens and Drogo, with a wild pitch sandwiched in between set the stage for Thorneberry and an early trip to the showers for Early.

Game Group Sets Annual Fish Fry

The annual fish supper of the Marion County Fish and Game Association will be held Tuesday at 7 p.m. at Eagles' Hall. Bob Eby will supervise the cooking.

Ronald Selander, program chairman, has arranged the program and entertainment to follow the dinner. Membership to the association will be on sale at the door and will be the only requirement for admission. John Zimmerman, Bethel Van Meter and Irvin Monnette, association members, obtained the fish today at Sandusky. A total of 500 pounds were made to bring back 1,000 live fish of "catching size" with which to stock the association pond north of Marion on Route 4.

Both leagues will resume action Saturday with a full slate of games.

FIRE ANNOYS 'GATORS

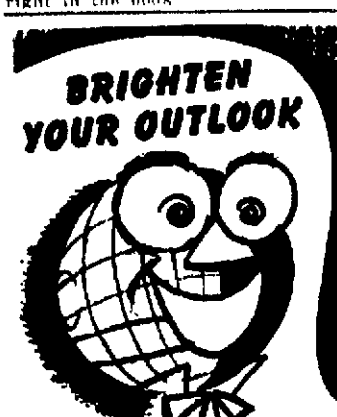

ST. AUGUSTINE, Fla. (UP)—Firemen fighting a blaze at an alligator farm had more to worry about than snapping flames. There were also snapping jaws. The 6,000 captive alligators were unhurt but caused considerable disturbance before the fire was put out.

AIDS FOR HUNTERS

CENTRALIA, Ill. (AP)—To get the drop on coon, fox and squirrel, some southern Illinois hunters are reported using hearing aids. An Eldorado, Ill. dealer, C. B. Hopkins, says he has sold aids to seven hunters with normal hearing. He quotes them as saying the gadgets pick up sounds of their quarry's movements more quickly.

SHEETS LAST LONGER

To prolong the life of your sheets, change beds frequently—and make sure that small children don't postpone baths until morning. The accumulated grime of a baby's playing can be ground into sheet fabric overnight, causing unnecessary wear.

Daily Pattern For Home Use
